December 24, 2020

To the Citizens of the City of San Ramon,
Honorable Mayor and Members of the City Council

We are pleased to present the Comprehensive Annual Financial Report (CAFR) of the City of San Ramon for the fiscal year ended June 30, 2020 with the Independent Auditors' Report. The CAFR was prepared by the City's Finance Division of the Administrative Services Department. To provide a reasonable basis for making these representations, management of the City of San Ramon has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft or misuse and to compile sufficient reliable information for the preparation of San Ramon's financial statements in conformity with Generally Accepted Accounting Principles (GAAP). Because the cost of internal controls should not outweigh their benefits, San Ramon's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with City management. Management asserts that to the best of our knowledge and belief, the information as presented is accurate in all material respects, that the presentation fairly shows the financial position and the results of the City's operations as measured by the financial activity of the various funds, and that the included disclosures will provide the reader with an understanding of the City's financial affairs.

This report is published in accordance with State law requirements that financial statements be presented in conformity with accounting principles generally accepted in the United States of America and audited by a firm of licensed certified public accountants. The City of San Ramon has continued to comply with recent pronouncements of the Governmental Accounting Standards Board (GASB), which is the authoritative body in establishing U.S. generally accepted accounting principles (GAAP) for local governments.

The analysis of the financial condition and the result of operations can be found in the financial section of the Management's Discussion and Analysis (MD&A) document. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it.

Profile of the City of San Ramon

The City of San Ramon, incorporated in 1983, is located in Contra Costa County, a growing area in the eastern portion of the San Francisco Bay Area. The City occupies a land and area of 18.56 square miles and serves a population of 83,118 as of January 2020. San Ramon continues to show strength as a major employer and a community with high quality residential neighborhoods. San Ramon is considered to be one of the most desirable living areas in the Bay Area.

The City of San Ramon is a Charter City that operates under the Council-Manager form of government. Policymaking and legislative authority are vested in the City Council, which consists of an elected Mayor for two-years and a four-member Council elected to four-year terms. The governing Council is responsible for the City's ordinances, operation resolutions, adoption of the annual budget, appointing commissions and committees and hiring the City Manager and City Attorney.

The City Manager is responsible for implementing the policies, ordinances and directives of the City Council, for overseeing the day-to-day operations of the City and for appointing the Directors of City's departments. The City provides a number of services and activities summarized as follows:

- Police protection
- Maintenance of streets and roads
- Maintenance of parks and landscaping
- Recreation activities
- Senior activities
- Planning and building services
- Engineering
- Storm water and drainage services
- Economic development
- Other general government services

Financial Information

Budgeting Controls:

The City operates on a fiscal year basis, beginning July 1 and ending June 30. The budget is prepared under the supervision of the City Manager and transmitted to the City Council for deliberation and adoption prior to the beginning of the fiscal year.

Upon adoption by the City Council, the City maintains budgetary controls to ensure compliance with legal provisions embodied in the annual budget. Budget to actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. The City's budgetary procedures are further discussed in the Notes to the Basic Financial Statements and can be found in the Financial Section of this report.

Activities of all funds of the City are included in the annual appropriated budget except for the capital projects fund, which adopts a project length budget. In addition, a five-year Capital Improvement Program is updated annually, at which time budgets for new projects and revisions for existing projects are adopted. The level of budgetary control is by fund, although budgets are adopted within funds at the department/division level in all operating funds and at the project level in the capital projects funds. Only the City Council has the authority to increase total appropriations subject only to the appropriation limitations established by State law. Budget appropriations lapse at the end of the fiscal year, with the exception of contract commitments and capital improvement projects, which are carried over until the commitment is met, or the project has been completed.

Financial Policies:

Throughout the years, the City has followed a fiscally conservative philosophy of building and maintaining healthy reserves. This practice has allowed the City to continue providing quality services to its residents in a time when many local agencies were being forced to cut back due to fiscal constraints. On an annual basis, the Council approves financial policies designed to promote sound financial management and ensure fiscal integrity over time. This CAFR reflects the implementation of these financial guidelines and presents all fund reserves and designations in an effort to define fund balance commitments and obligations as of the financial report date.

Internal Controls:

City management is responsible for establishing and maintaining fiscal internal controls designed to safeguard the assets of the government from loss, theft or misuse, and to ensure that accounting data is accurately compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. In order to strengthen internal controls the City formalized a fraud prevention policy which was adopted by the City Council. The intent of the policy is to facilitate the development of controls, which will aid in the prevention and detection of fraud against the City of San Ramon.

Cash Management:

In order to maximize investment leverage, it is the City's practice to "pool" available cash from all funds for investment purposes. In accordance with the annually adopted investment policy, available cash is invested with the goal of safety, meaning protection of principal, as the first priority, ensuring adequate liquidity as the second priority and maximizing yield as the third priority. The City's investments generally include federal agencies, treasuries, certificates of deposit, corporate notes, commercial paper, municipal bonds, and supranationals. The duration of the investments in the city's investment pool as of June 30, 2020 was 1.82 years. The average return realized on the pooled investments decreased from 2.21% in fiscal year 2018-19 to 1.71% in fiscal year 2019-20.

Factors Affecting Financial Condition

Local Economic Conditions:

The City of San Ramon's economy has slowed significantly in some of the major revenue categories due to the impacts of the COVID-19 pandemic and the Shelter in Place measures that started in March 2020. The COVID-19 pandemic has substantially affected the forecast of the City's financial standing, as well as created a state of uncertainty for many businesses within the community. In response to COVID-19, reductions were built into various revenue categories resulting in a projected negative impact of approximately \$1.6 million to the General Fund in FY 2020-21. Sales tax and Transient Occupancy Tax revenues have been affected the most. Other major revenue categories with an anticipated negative impact for FY 2020-21 include Charges for Services and various City recreational programs and activities put on hold due to the Shelter in Place. Nevertheless, the local economy has showed some resiliency through the COVID-19 crisis:

- The California statewide unemployment was 9.0%, but the San Ramon residential unemployment rate that has been measured by the State Employment Development Department as of October 2020 was approximately 5.7%

- San Ramon has a relatively high median household income level of \$189,185 which is more than twice the State of California level of \$80,440 per the US Census Bureau 2019 American Community Survey 1-Year Estimates
- Median home values have increased 6.3% over the past year and experts predict home values will rise 9.1% over the next year. The average sales price for single family homes has increased 7.4% and townhouse/condo style homes has increased 5.7% from October 2019 to October 2020.

For the Future

The outbreak of the COVID-19 pandemic has changed the way we communicate, work, and simply enjoy our lives. However, COVID-19 has not taken away the spirit of community and the City's ability to provide essential services to our residents and businesses. In spite of the challenges that the City continues to face including COVID-19 financial impacts, increased pension costs, and aging infrastructure, the City is confident that our team will embrace these challenges and move our community forward with a focus on our purpose and goals. As the City navigates fiscal year 2020-21 and beyond, effort will be made to remain conservative with resources in order to maintain the desired level of services. The State of California economy has also been greatly impacted by the COVID-19 pandemic, which has caused a record number of unemployed Californians.

Governor Newsom's 2020-2021 budget has projected a structural deficit of \$54.3 billion caused by the COVID-19 recession. However, the budget includes funding to help California residents that have faced the greatest hardships, and funds allocated to mitigate homelessness, and reduce childhood poverty. The budget was balanced with reductions, the use of reserves, federal funding, and borrowing/transfers /deferrals.

A budget was presented to the City Council, which required employees to make additional contributions to the City's pension fund. The City has continued to rely on additional contracting for services to cover the expansion of municipal services in the Dougherty Valley area of the City. During 2020-21, service expansion includes: the assumption of maintenance responsibilities for new landscape improvements and renovation of declining plant material, renovation of the Dougherty Valley Community Center, and replacing flooring at the Dougherty Valley Library. The 2020-21 budget does not include staffing level increases.

The City Council has been proactive in planning for an uncertain financial future by:

- Establishing and maintaining a 36% General Contingency Reserve, with a General Fund Reserve balance of \$24.3 million or 53% as of June 30, 2020
- Setting aside funds in a trust with California Employer's Retirement Benefit Trust (CERBT) to cover the future cost of retiree health benefits. The CERBT trust balance was \$32.8 million as of June 30, 2020
- Setting aside funds in a trust with Public Agency Retirement Services (PARS) to help offset some of the increase in pension costs. The PARS trust balance was \$4.3 million as of June 30, 2020
- Maintaining an internal service fund to accumulate funds for maintenance of publicly owned buildings
- Fully funding vehicle and Information Technology replacement funds
- Labor contracts include additional employee contributions to the employer portion of pension costs

- Transitioning from a defined benefit Retiree Medical benefit to a defined contribution Health Care Savings account

These types of actions help to preserve the financial health of the City of San Ramon and to provide the flexibility to make up for revenue shortfalls. As a result of efforts to preserve the financial health of the City long-term debt ratings for the General Fund continues to receive an “AAA” rating by Standard and Poor’s.

Annual Audit

Eide Bailly, LLP, a firm of licensed certified public accountants, has audited the City of San Ramon’s financial statements. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of San Ramon for the fiscal year ended June 30, 2020 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation.

The independent auditor concluded that there was a reasonable basis for rendering an unmodified opinion that the City of San Ramon’s financial statements for the year ended June 30, 2020, are fairly presented in conformity with accounting principles generally accepted in the United States of America. The independent auditor’s report is presented as the first component of the financial section of this report.

The City of San Ramon was required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1984 as amended in 1996 and the U.S. Office of Management and Budget’s Uniform Guidance – 2 CFR Part 200, Audits of State and Local Governments.

Awards for Excellence in Financial Reporting

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of San Ramon for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2019. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, the City must publish an easily readable and efficiently organized Comprehensive Annual Financial Report (CAFR), whose contents conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. The City of San Ramon has received a Certificate of Achievement for the last fifteen (15) consecutive years. We believe our current report continues to meet the Certificate of Achievement Program’s requirements, and we are submitting it to GFOA to determine its eligibility for another certificate.

Acknowledgements

The preparation and development of the CAFR could not have been accomplished without the year-round efficiency and dedication of the Finance Division staff and their special efforts, working in conjunction with the City's independent auditors.

We would like to express our appreciation to all members of City staff who contributed to the final product. We want to thank Eide Bailly, LLP, our independent auditors, for their professionalism in performing this year-end financial audit. A special thanks and acknowledgment are due to Candace Daniels, Finance Division Manager, Vivian Gong, Senior Finance Analyst and Anita Watanuki, Finance Analyst who devoted extensive time and energy preparing this report. We would also like to thank the Mayor and City Council for their interest and support in planning and conducting the financial operations of the City in a responsible and progressive manner.

Respectfully submitted,

Independent Auditor's Report

The Honorable City Council
City of San Ramon
San Ramon, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of City of San Ramon, California (City), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the City, as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in Note 17 to the financial statements, the City is obligated through a special funding situation to record its proportionate share of the net pension liability relating to the Dougherty Regional Fire Authority. In addition, the City determined that accretion of interest relating to the Redevelopment Agency 2006 Capital Appreciation Bond was not reported on the basic financial statements as of July 1, 2019. These changes resulted in a restatement of prior period net position in the governmental activities and fiduciary fund. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedule of changes in the net pension liability and related ratios, the schedules of the proportionate share of the net pension liability and related ratios, the schedules of pension contributions, the schedule of changes in the net OPEB liability and related ratios, the schedule of OPEB contributions, and budgetary comparison information on pages 4 and 82 through 94, as noted in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, and budgetary comparison schedules for the COP#13 fund, the Capital Improvement fund, nonmajor funds, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements, budgetary comparison schedules for the COP#13 fund, Capital Improvement fund and nonmajor funds, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, combining and individual nonmajor fund financial statements, budgetary comparison schedules for the COP#13 fund, Capital Improvement fund and nonmajor funds are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 24, 2020, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

A handwritten signature in cursive script that reads "Eide Bailly LLP".

Menlo Park, California
December 24, 2020

This section of the City's Comprehensive Annual Financial Report presents an overview of the City's financial activities for the fiscal year ended June 30, 2020. To obtain a complete understanding of the City's financial condition, this document should be read in conjunction with the accompanying Transmittal Letter and Basic Financial Statements.

Financial Highlights

Financial highlights of fiscal year 2020 include the following:

- Overall, the assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at the close of Fiscal Year 2019-2020 by \$450.3 million (net position). Of this amount, (\$20.3) million represents unrestricted (deficit) net position. \$76.9 million is restricted for specific purposes, and \$393.8 million is the net investment in capital assets. The City's total net position decreased by \$21.8 million below the prior fiscal year as restated.
- Deferred outflows decreased \$0.4 million, due to changes in pension and debt deferrals.
- Long-term liabilities were \$43.2 million at the end of the year, which was \$21.8 million more than last fiscal year which mainly due to the issuance of the 2019 Certificate of Participation (COP).
- Deferred inflows increased \$0.6 million reflecting an increase in interest earnings for the pension and OPEB plans.
- Net pension liability was \$38.8 million, which was \$9.6 million more than the previous fiscal year.
- The City's governmental funds reported combined ending fund balances of \$109.6 million, an increase of \$21.8 million in comparison with the prior year.
- The revenues available for expenditure were \$2.2 million less than the final budget in the General Fund due to lower anticipated revenue in franchise fees, transient occupancy tax, charges for services, and miscellaneous revenue. The City kept General Fund expenditures within spending limits by \$3.1 million.
- The available General Fund ending balance of \$15.2 million was \$1.5 million higher than previous fiscal year ending balance.

The Financial Statements

The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also includes supplementary information intended to furnish additional detail to support the Basic Financial Statements. Each of these components is discussed below.

Government-Wide Financial Statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business. The statements present the financial picture of the City from the economic resources measurement focus using the accrual basis of accounting. They present governmental activities and business-type activities separately. Additionally, certain eliminations have occurred as prescribed by the GASB statements with regard to inter-fund activity, payables and receivables.

The *Statement of Net Position* presents information on all of the City's assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as an indicator of whether the financial health of the City of San Ramon is improving or deteriorating. The City's pension liability is recorded and the City's OPEB- liability is also recorded on the statement of net position as per generally accepted accounting principles.

The *Statement of Activities* presents information showing how the City's net position changed during the most recent fiscal year. All of the current year revenues and expenses are taken into account, regardless of the timing of related cash flows (accrual basis of accounting). In the statement of activities, we separate the City activities as follows:

- **Governmental activities** – Most of the City's basic services are reported in this category, including General Government (City Manager, City Clerk, Council, City Attorney and Administrative Services), Community Development (Planning and Building), Police Services, Public Works (streets, facilities, parks, Engineering, Transportation, etc.), and Parks and Community Services (recreation and culture). These activities are generally financed by property and sales taxes, user fees, interest income, franchise fees, and State and Federal shared revenues and grants.

The Government-wide Financial Statements can be found on pages 17 - 18 of this report.

Fund Financial Statements – A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories of activities: governmental funds, proprietary funds and fiduciary funds.

Governmental funds – are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financials focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains 36 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balance for the General Fund, Dougherty Valley Fund, COP#13, and Capital Improvement Project Fund, all of which are considered to be major funds. Data from the other 32 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the Supplemental Information section of this report.

An annual appropriated budget is adopted each year for each governmental fund. A budgetary comparison statement has been provided for several key governmental funds to demonstrate compliance with the budget.

The basic governmental fund financial statements can be found on pages 20 - 23 of this report

Proprietary funds – When the City charges customers for the services it provides, these services are generally reported in proprietary funds. Internal service funds are an accounting device used to accumulate costs internally among the City's various functions. The City uses internal service funds to account for its City's investments, equipment replacement, information systems replacement, insurance liability, healthcare, and infrastructure maintenance.

Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. All six internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements on pages 25 - 28. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

The combining statements referred to earlier in connection with non-major governmental funds, proprietary and internal service funds are presented immediately following the notes to the financial statements. Combining and individual fund statements and schedules can be found on pages 99 - 141 of this report.

Fiduciary funds – The City is the trustee, or *fiduciary*, for certain funds held on behalf of developers and other community funds such as the San Ramon Valley Tourism Improvement District. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. City is responsible for ensuring that the assets reported in these funds are used for their intended purposes. The Fiduciary fund financials can be found on pages 30 - 31.

Notes to the Financial Statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 32 - 80 of this report.

Required Supplementary Information is in addition to the basic financial statements and accompanying notes. This report also presents certain "Required Supplementary Information" concerning the City's pension liability, other post-employment benefits, and budget-to-actual financial comparisons for the General Fund and other major Special Revenue funds which can be found on pages 82 - 94.

Supplemental Information includes information for Certificates of Participation, major capital projects, non-major governmental, internal service, and agency funds, and is presented immediately following the required supplementary information pages 96 - 144.

Government-Wide Financial Analysis

The City has presented its financial statements under the reporting model required by Governmental Accounting Standards Board Statement No. 34 (GASB 34). The following analysis of the Government- Wide statements includes a comparison between current and prior year results of operations and year- end balances.

Statement of Net Position

Table 1 below focuses on the net position. The City's combined net position decreased \$21.8 million ending at \$450.3 million as restated.

Table 1
STATEMENT OF NET POSITION
As of June 30,

	Governmental Activities			
	2020	2019	\$ Change	% Change
Current and Restricted Assets	\$ 129,530,744	\$ 109,384,724	\$ 20,146,020	18.4%
Capital Assets	404,485,865	419,817,009	(15,331,144)	-3.7%
Total Assets	<u>534,016,609</u>	<u>529,201,733</u>	<u>4,814,876</u>	<u>0.9%</u>
Deferred Outflows of Resources	<u>16,376,786</u>	<u>16,737,350</u>	<u>(360,564)</u>	<u>-2.2%</u>
Long-term Liabilities Outstanding	43,230,598	21,424,012	21,806,586	101.8%
Net Pension Liability	38,827,031	29,216,365	9,610,666	32.9%
Net OPEB Liability	1,562,066	756,238	805,828	106.6%
Other Liabilities	14,156,980	16,757,466	(2,600,486)	-15.5%
Total Liabilities	<u>97,776,675</u>	<u>68,154,081</u>	<u>29,622,594</u>	<u>43.5%</u>
Deferred Inflows of Resources	<u>2,320,130</u>	<u>1,697,432</u>	<u>622,698</u>	<u>36.7%</u>
Net Investment in Capital Assets	393,808,218	414,409,089	(20,600,871)	-5.0%
Restricted	76,891,439	73,914,667	2,976,772	4.0%
Unrestricted	<u>(20,403,067)</u>	<u>(12,236,186)</u>	<u>(8,166,881)</u>	<u>66.7%</u>
Total Net Position	<u><u>\$ 450,296,590</u></u>	<u><u>\$ 476,087,570</u></u>	<u><u>\$ (25,790,980)</u></u>	<u><u>-5.4%</u></u>

Total liabilities are \$97.8 million, the majority of which is non-current and due in more than one year. The non-current liability portion due in more than one-year totals \$43.2 million for certificates of participation debt and pension obligation bonds, \$38.8 million for the net pension liability required by GASB 68 and \$1.6 million for the net OPEB liability, which is required by GASB 75.

Statement of Activities

The Statement of Net Position provides a measure of the financial health of an entity at a specific date in time (i.e. year-end). In contrast, the Statement of Activities provides details of how net position changed from the prior year. Generally, it indicates whether the financial health of the City as a whole is better at June 30, 2020, in relation to a year earlier. Table 2 below focuses on the changes in net position.

Table 2
STATEMENT OF ACTIVITIES-GOVERNMENTAL ACTIVITIES

Revenue Highlights

Total revenues for governmental activities were \$93.3 million, a decrease of \$1.8 million from prior year. The changes included:

- Charges for Services decreased \$2.6 million primarily due to the shelter in place shutdown caused by the COVID-19 pandemic.
- Operating Grants and Contributions increased \$0.6 million primarily due to an increase in assessment revenue.
- Capital Grants and contributions increased \$0.6 million due to an increase in annexed infrastructure.
- Sales Tax decreased \$0.3 million due to the COVID-19 pandemic causing businesses to shut-down.
- Transient Occupancy Tax decreased \$0.9 million due to lack of hotel occupancy caused by the COVID-19 pandemic.
- Franchise tax increased \$0.2 million due to increases in garbage and recycling fees.
- Property Transfer Tax decreased \$0.2 million due to fewer homes being sold.
- Intergovernmental revenue increased \$0.7 million due to SB90 reimbursements and funds received from the State for COVID-19 relief.
- Investment income increased \$0.8 million due to higher investment earnings compared to the prior Year.
- Miscellaneous revenue decreased \$0.7 million primarily due to the shelter in place shutdown caused by the COVID-19 pandemic.

The largest component of general revenue is property taxes at \$20.8 million, making up 22.3% of total revenue in the governmental funds. This is consistent with the nature and purpose of governmental funds, particularly in the General Fund, where programs are largely supported by general taxes. The highest tax revenues received by the General Fund include property tax, sales tax, transient occupancy taxes and franchise fees.

The chart below presents revenue by source for Governmental Activities.

Expense Highlights

Functional expenses for the year totaled \$115.1 million, an increase \$6.0 million from the prior year. The following are changes by function/program:

- General Government increased \$0.7 million.
- Community Development decreased \$0.4 million.
- San Ramon Housing decreased \$0.3 million.
- Police Services increased \$5.1 million.
- Public Works increased \$3.5 million.
- Parks and Community Services decreased by \$3.4 million.
- Interest expense increased \$0.8 million.

Public Works represents \$63.5 million (55%) of the total. A large portion of Public Works costs are funded from general revenues, primarily taxes and restricted revenues, such as special assessments and operating contributions. The chart below presents expenses by source of Governmental Activities.

Fund Financial Analysis

The City uses fund accounting to segregate accounts for specific activities or objectives, including demonstrating finance-related legal compliance.

Governmental funds – The focus of the City’s governmental funds is to provide information on near- term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City’s financing requirements. In particular, the unassigned fund balance may serve as a useful measure of a government’s net resources available for discretionary use as they represent the portion of fund balance which has not yet been limited to use for a particular purpose by either an external party, the City itself, or a group or individual that has been delegated authority by assigning resources for use for a particular purpose by the City’s Council.

As of the end of the current fiscal year, the City's governmental funds reported a combined ending fund balance of \$109.6 million, an increase of \$21.8 million from the prior year. This total includes a General Fund balance of \$15.3 million. The General Fund balance increased \$1.5 million from the prior year.

Other major funds and non-major funds significant balance changes are noted below:

- The Dougherty Valley fund balance decreased \$0.5 million due to an increase in costs to cover expansion of services for newly annexed infrastructure and maintenance of aging infrastructure.
- The COP #13 fund balance increased \$18.0 million reflecting the issuance of the 2019 Certificate of Participation issued in the current year.
- The Capital Improvement fund balance increased \$3.7 million in funding for Capital Improvement Projects.
- The Planning Cost Recovery fund balance decreased \$0.6 million reflecting funds spent on Capital Improvement Projects.
- The Gas Tax fund balance increased \$0.4 million reflecting an increase in intergovernmental revenue and return to source funds for completed projects.
- The Park Development fund balance increased \$0.2 million reflecting return to source funds for completed projects.
- The Street Maintenance and Improvement fund balance increased \$1.9 million reflecting intergovernmental grants received.
- The Traffic Improvement fund balance decreased \$0.3 million reflecting funds spent on Capital Improvement Projects.
- The Public Education and Government fund balance increased \$0.2 million due to an accumulation of intergovernmental revenue received.
- The Solid Waste fund balance increased \$0.3 million due to an accumulation of recycling fees received.
- The Non-Point Drainage district fund balance decreased \$0.2 million due to an accumulation of assessment revenue received.
- The Vehicle Refuse Impact fees fund balance increased \$1.1 million due to impact fees received.
- The Development Mitigation fund balance increased by \$0.3 million reflecting an accumulation of developer fees received.
- The DV GHAD fund balance decreased by \$3.2 million due to funds spent on DV GHAD capital projects.

- The GHAD NWSR fund balance increased by \$0.3 million due to an accumulation of assessment revenue received.
- The COP #12 fund balance decreased by \$1.6 million reflecting payments made for principal and interest.

Proprietary funds – The City's proprietary funds statements provide the same type of information found in the Government-wide Financial Statements, but in more detail.

At the end of the fiscal year, total net position was \$13.9 million. Of that, the unrestricted net position was \$10.5 million and the net investment in capital assets was \$3.5 million. Net position of the proprietary funds decreased by \$1.0 million reflecting funds spent on Capital Improvement Projects.

General Fund Budgetary Highlights

The General Fund is the main operating fund of the City. At end of the fiscal year, fund balance of the General Fund was \$15.3 million, compared to \$13.9 million in the prior year. The fund balance has been classified as \$0.1 million nonspendable and \$15.2 million as unassigned.

Revenues

The General Fund revenues are primarily derived from taxes, charges for services, license and permits, and miscellaneous revenue. The General Fund Revenues totaled \$50.5 million at year-end, which were \$2.2 million lower than the final budgeted revenues of \$52.7 million (See Table 3).

Table 3
SUMMARY OF GENERAL FUND REVENUES
BUDGET AND ACTUAL
FISCAL YEAR ENDED JUNE 30, 2020

Revenues	Budget Amounts		Actual Amount	Variance from Final Budget
	Original	Final		
Taxes	\$ 41,340,974	\$ 41,340,974	\$ 39,345,698	\$ (1,995,276)
Licenses and permits	2,234,927	2,234,927	2,056,555	(178,372)
Intergovernmental	203,138	203,138	1,435,412	1,232,274
Charges for services	5,640,309	5,640,309	5,246,858	(393,451)
Fines and forfeitures	328,000	328,000	226,159	(101,841)
Investment income	75,000	75,000	246,739	171,739
Miscellaneous	2,921,207	2,921,207	1,942,479	(978,728)
Total Revenues	\$ 52,743,555	\$ 52,743,555	\$ 50,499,900	\$ (2,243,655)

- Taxes were \$2.0 million below the budget reflecting decreases in property transfer tax, transient occupancy tax, and franchise fees.
- Licenses and permits were \$0.2 million below budget reflecting a decrease in building permits due to the COVID-19 Shelter in Place shutdown.

- Intergovernmental revenue was \$1.2 million above budget reflecting monies received from the State for the Coronavirus Relief Fund allocated to Cities.
- Charges for services were \$0.4 million below budget reflecting a decrease in inspection and plan check fees for development projects.
- Fines and forfeitures were \$0.1 million below budget reflecting a decrease in vehicle code fees.
- Investment income was \$0.2 million above budget reflecting favorable investment market value adjustments.
- Miscellaneous revenue was \$1.0 million below budget reflecting a decrease due to the COVID-19 Shelter in Place order which shutdown Parks & Community Services programs and activities.

Expenditures

The General Fund expenditures totaled \$45.4 million, which were \$3.1 million less than the final budget of \$48.5 million. The actual spending coming in below budget reflected savings from vacant positions and a continued effort by the City to carefully control spending.

Table 4
SUMMARY OF GENERAL FUND EXPENDITURES
BUDGET AND ACTUAL
FISCAL YEAR ENDED JUNE 30, 2020

Expenditures	Budget Amount		Actual Amounts	Variance from Final Budget
	Original	Final		
General Government	\$ 7,284,318	\$ 7,384,318	\$ 7,050,378	\$ 333,940
Community development	3,632,960	3,772,960	3,233,754	539,206
Police services	14,812,737	14,814,984	14,226,655	588,329
Public works	14,554,189	14,681,951	14,088,188	593,763
Parks and community services	7,860,164	7,860,164	6,850,767	1,009,397
Total Expenditures	\$ 48,144,368	\$ 48,514,377	\$ 45,449,742	\$ 3,064,635

Capital Asset and Debt Administration

Capital Assets

Table 5 below summarizes the City's capital assets by class. Capital assets are reported at historical cost, net of accumulated depreciation. These amounts do not represent the market value or replacement cost of City assets, which would be significantly higher. Historical cost is used, pursuant to accounting standards, to provide an objective basis for reporting capital assets.

At the end of 2020, the City had \$404.5 million invested in a broad range of capital assets, including land, streets, bridges, drainage systems, traffic lights, parks, buildings, vehicles and equipment.

Table 5
CAPITAL ASSETS
As of June 30, 2020 and 2019

	Governmental Activities			
	2020	2019	\$ Change	% Change
Non Depreciable:				
Land	\$ 42,275,381	\$ 42,275,381	\$ -	0.0%
Construction in Progress	11,044,657	8,922,372	2,122,285	23.8%
Depreciable, Net of				
Accumulated Depreciation:				
Park Improvements	21,995,497	23,979,567	(1,984,070)	-8.3%
Buildings and Improvements	65,503,337	67,740,969	(2,237,632)	-3.3%
Machinery, Furniture and Equipment	3,466,107	3,158,566	307,541	9.7%
Infrastructure	260,200,886	273,740,154	(13,539,268)	-4.9%
Total Capital Assets	<u>\$ 404,485,865</u>	<u>\$ 419,817,009</u>	<u>\$ (15,331,144)</u>	<u>-3.7%</u>

The City's fiscal year 2020-2021 capital budget calls for spending \$31.0 million for capital projects. The majority of spending is for the Bollinger Canyon/Iron Horse Trail, Crow Canyon widening, pavement management, City Hall reconfiguration, and the San Ramon Olympic Pool and Aquatic Park Renovation. Most of the projects will be financed with funds that have been designated by an outside party for specific use and/or the 2019 Certificates of Participation (COP) financing. Additional information about the capital assets can be found in Note 7 to the Notes to the Financial Statements.

Debt Administration

At year-end, the City's governmental activities had \$43.2 million in bonds, notes and contracts as shown in Table 6. This was \$21.8 million more than 2019 reflecting the current year 2019 COP issuance offset by reductions for payments of annual principal on debt. Additional information about the City's long-term obligations can be found in Note 8 in the Notes to the Financial Statements.

Table 6
OUTSTANDING DEBT
As of June 30, 2020 and 2019

	Governmental Activities			
	2020	2019	\$ Change	% Change
Certificates of Participation	\$ 26,927,194	\$ 4,477,667	\$ 22,449,527	501.4%
Pension Obligation Bonds	15,070,000	15,475,000	(405,000)	-2.6%
Capital Lease	1,233,404	1,471,345	(237,941)	-16.2%
Total Debt	<u>\$ 43,230,598</u>	<u>\$ 21,424,012</u>	<u>\$ 21,806,586</u>	<u>101.8%</u>

Economic Factors and Next Year's Budget

In preparing the budget for 2020-2021, management looked at the following economic factors:

- The economy took a very hard hit in 2020 due to the onset of the COVID-19 pandemic. The City experienced decreases in most of its major revenue sources primarily caused by the Shelter in Place order. The national, state and local economies have faced a drastic downturn causing enormous hardship for families, businesses and governments across the globe. The budget was prepared to maintain quality services and infrastructure while remaining fiscally prudent during the COVID- 19 pandemic. The budget also includes uses of \$1.6 million of reserves to cover the budget deficit.
- Employees are required to make an additional contribution to their retirement plan which helps to offset the increase in pension costs.
- State budget: In The State economy has been greatly impacted by the COVID-19 pandemic. The Adopted 2020-21 Budget projected a structural deficit of \$54.3 billion. Although the State economy is struggling, the budget was prepared including funding to help mitigate homelessness, reduce childhood poverty, and to preserve K-12 school programs. To aid the State economic recovery, Governor Newsom has also included \$75 million to aid small businesses.
- Continued expansion of City services in the Dougherty Valley area east of the current City limits, a County Service Area per existing agreements with the Contra Costa County, will have increases in special assessment revenues over the next few years as well as cost increases for delivering services to the area.

The City budget plan will continue to maintain General Fund reserves to meet the 36% reserve policy level. The expenditure budget was developed to maintain core City services. This required expenditure adjustments in various categories to offset benefits increasing due to rising pension costs.

The City continues to grow with additions of land and population through annexations in the Dougherty Valley area. The 2020-2021 budget is a reflection of the City's commitment to the residents of San Ramon. The City's historically conservative approach of maintaining a high level of operating reserves has provided a cushion against economic uncertainties. For the 2020-2021 fiscal year, the City has made a commitment to allocate resources for public safety, cultural/social programs, and infrastructure improvements. A copy of the City's 2020-2021 budget can be obtained by contacting the City Administrative Services Department (See below) or via the City's website at www.sanramon.ca.gov.

Contacting the City's Financial Management

This Financial Report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Administrative Services Department, City of San Ramon, 7000 Bollinger Canyon Road, San Ramon, California 94583 or by calling (925) 973-2500.

Governmental Funds

Major funds are defined generally as having significant activities or balances in the current year.

The funds described below were determined to be Major Funds by the City in fiscal year 2020. Individual nonmajor funds may be found in the Supplementary Information section.

General Fund

Accounts for all financial resources of the City, except those required to be accounted for in another fund.

Dougherty Valley Special Revenue Fund

Accounts for revenue received from Contra Costa County as reimbursements for a variety of municipal services, including police protection, and street and park maintenance, to be provided by the City. Per a Memorandum of Understanding with the County, the City is required to separately track the costs of service provided in the Dougherty Valley Area and submit claims for reimbursements for costs to the County.

COP # 13 Debt Service

Accounts for debt service activity relating to the 2019 Certificates of Participation.

Capital Improvements Capital Projects Fund

Accounts for expenditures for major infrastructure improvements of roads; sidewalks; City facilities, including parks; as well as for the procurement of major pieces of equipment.

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental
Funds to the Statement of Activities
Year Ended June 30, 2020

NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS	\$	21,790,341
Amounts reported for governmental activities in the Statement of Activities are different because of the following:		
CAPITAL ASSETS TRANSACTIONS		
Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is capitalized and allocated over their estimated useful lives and reported as depreciation expense.		
Capital outlay is therefore added back to net position		4,918,235
Depreciation expense is deducted from net position		
Net of internal service fund depreciation of \$214,541 which has already been allocated to internal service funds		(20,556,920)
LONG-TERM DEBT PROCEEDS AND PAYMENTS		
Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Position. Repayment of bond principal is an expenditure in the governmental funds, but in the Statement of Net Position the repayment reduces long-term liabilities.		
Repayment of debt principal is added back to fund balance		2,447,941
Proceeds from COP Premiums		(3,358,385)
Proceeds of 2019 COP is deducted from fund balance		(20,990,000)
Amortization of premium is added back to fund balance		93,858
Amortization of loss on refunding is deducted from fund balance		(31,218)
ACCRUAL OF NON-CURRENT ITEMS		
The amounts below included in the Statement of Activities do not provide or (require) the use of current financial resources and therefore are not reported as revenue or expenditures in governmental funds (net change):		
Long-term compensated absences		364,808
Interest payable and accrued liabilities, included in accrued liabilities		(69,298)
Claims payable		(20,062)
Net Pension Liability Transactions		
Governmental funds record pension expense as it is paid. However, in the Statement of Activities those costs are reversed as deferred outflows/(inflows) and an increase/(decrease) in net pension liability.		
		(7,439,778)
Net OPEB Asset Transactions		
Governmental funds record OPEB expense as it is paid. However, in the Statement of Activities those costs are reversed as deferred outflows/(inflows) and an increase/(decrease) in net pension liability.		
		31,020
Internal service funds are used by management to charge the costs of certain activities, such as equipment management, to individual funds. The net revenues (expenses) of the internal service funds is reported with governmental activities.		
		988,258
CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES	\$	(21,831,200)

Proprietary Funds

Proprietary funds account for City operations financed and operated in a manner similar to a private business enterprise. The intent of the City is that the cost of providing goods and services be financed primarily through user charges.

Fiduciary Funds

Private-purpose trust fund is used to account for monies received from the Contra Costa County Auditor Controller for the repayment of the enforceable obligations of the San Ramon Successor Agency. These funds are restricted for the sole purpose of payment of items on an approved Recognized Payment Obligation Schedule.

Agency funds are used to account for assets held by the City as an agent for individuals, private organizations and other governments. The financial activities of these funds are excluded from the government-wide financial statements, but are presented in separate Fiduciary Fund financial statements.

Note 1 - Summary of Significant Accounting Policies

a) Reporting Entity

The City of San Ramon (the "City") was incorporated in 1983 as a Charter City and operates under a Council/Manager form of government. The Council is composed of five members. As required by generally accepted accounting principles, the financial statements present the government and its component unit for which the government is considered financially accountable. A blended component unit, although a legally separate entity, is, in substance, part of the government's operations and so data from this unit is combined with the data of the primary government. The blended component unit as described below has a June 30 year end.

Blended Component Unit

The San Ramon Public Financing Authority (the "Authority") was formed in 1987 as a joint powers authority between the City and the Authority in order to provide financial assistance to the City and the Authority by issuing debt and financing the construction of public facilities. The members of the City Council also act as the governing board of the Authority. Separate financial statements are not issued for the Authority.

b) Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements and eliminations have been made to minimize the double counting of internal activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

c) Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide, proprietary and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when the liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Agency funds, however, are unlike all other fund types, reporting only assets and liabilities. They do, however, use the accrual basis of accounting to recognize receivables and payables.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 365 days of the end of the current fiscal year. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments are recorded only when payment is due.

Property taxes, franchise taxes, licenses, charges for services, intergovernmental revenue and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government. Inventories are reported in the governmental funds using the purchase method. Inventories are valued on a first-in-first-out basis and since they are held for the City's own use, they are not adjusted to reflect changes in their market value.

The City reports the following major governmental funds:

The General Fund is the government's primary operating fund. It accounts for all financial resources of the City, except those required to be accounted for in another fund.

The Dougherty Valley Special Revenue Fund is used to account for revenue received from Contra Costa County as reimbursements for a variety of municipal services, including police protection, and street and park maintenance, to be provided by the City. Per a Memorandum of Understanding with the County, the City is required to separately track the costs of service provided in the Dougherty Valley Area, and submit claims for reimbursements for costs to the County.

The COP # 13 Debt Service Fund is used to account for debt service activity related to the 2019 Certificates of Participation.

The Capital Improvement Capital Projects Fund is used to account for expenditures for major infrastructure improvements of roads, sidewalks, City facilities, including parks, as well as for the procurement of major pieces of equipment.

In addition, the City reports the following fund types:

Proprietary Fund Type

Internal Service Funds are used to account for the financing of goods or services provided by one department of the City to other departments on a cost-reimbursement basis. The City has six internal service funds – The Investment Fund is for investment management, the Equipment Replacement Fund is for recording the equipment and depreciation thereon, the Information Systems Replacement Fund is for recording computer equipment, the Insurance Liability Fund is used to provide for the general liability and other claims against the City, the Healthcare Fund is used for payment of medical, dental, vision premiums and claims, and the Infrastructure Maintenance Fund is used for the cost of maintaining City buildings.

Fiduciary Fund Types

Private-purpose Trust Fund is used to account for monies received from the Contra Costa County Auditor Controller for repayment of the enforceable obligations of the San Ramon Successor Agency. These funds are restricted for the sole purpose of payment of items on an approved Recognized Payment Obligation Schedule.

Agency Funds are used to account for assets held by the City as an agent for individuals, private organizations, and/or - other governments, in accordance with the conditions of the agreements. Agency funds are purely custodial and thus do not involve measurement of results of operations. The City has four agency funds –Cree Court Assessment District Fund, Southern Contra Costa Joint Exercise of Powers Agreement (SCCJEPA) Trust Fund, San Ramon Valley Tourism Improvement District (TID), and Dougherty Valley (DV) Performing Arts Theater Fund.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as program revenues include 1) charges to members, customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City' internal service funds are charges to customers for sales and services. Operating expenses for internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

d) Restricted Assets

Certain proceeds of debt and lease agreements, as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet because their use is limited by applicable debt covenants.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then use unrestricted resources as needed.

e) New Accounting Pronouncements– Effective This Fiscal Year

Governmental Accounting Standards Board (GASB) Statement No. 95 – In May 2020, GASB issued Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*. The objective of this Statement is to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. That objective is accomplished by postponing the effective dates of certain provisions in Statements and Implementation. The requirements of this Statement are effective for reporting periods beginning after June 15, 2018 or later. For the City, the requirements became effective for FY 2019/2020. The dates noted below were modified to include the postponement.

f) New Accounting Pronouncements – Effective in Future Fiscal Years

Governmental Accounting Standards Board (GASB) Statement No. 84 – In January 2017, GASB issued Statement No. 84, *Fiduciary Activities*. The objective of this Statement is to improve guidance related to fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019, or the FY 2020/2021. The City is evaluating the impact of this Statement on the financial statements.

Governmental Accounting Standards Board (GASB) Statement No. 87 – In June 2017, GASB issued Statement No. 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The Statement is effective for the reporting periods beginning after December 15, 2020, or FY 2021/2022. The City is evaluating the impact of this Statement on the financial statements.

Governmental Accounting Standards Board (GASB) Statement No. 89 – In June 2018, GASB issued Statement No. 89, *Accounting for Interest Cost Incurred Before the End of a Construction Period*. The objectives of this Statement is to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (b) to simplify accounting for certain interest costs. This Statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in the financial statements. The requirements of this Statement are effective for reporting periods beginning after December 15, 2020 or FY 2021/2022. The City is evaluating the impact of this Statement on the financial statements.

Governmental Accounting Standards Board (GASB) Statement No. 90 – In August 2018, GASB issued Statement No. 90, *Majority Equity Interest, an amendment of GASB statement No. 14 and No. 61*. The objectives of this Statement is to improve how majority equity interest is reported. The Statement specifies that a majority equity interest in a legally separate organization should be reported as an investment using the equity method if a government’s holding of the equity interest meets the definition of an investment and for all other holdings of a majority equity interest in a legally separate organization, a government should report the legally separate organization as a component unit. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019 or FY 2020/2021. The City is evaluating the impact of this Statement on the financial statements.

Governmental Accounting Standards Board (GASB) Statement No. 91 – In May 2019, GASB issued Statement No. 91, *Conduit Debt Obligations*. The objectives of this Statement is to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with commitments extended by issuers, arrangements associated with conduit debt obligations, and related note disclosures by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures. The requirements of this Statement are effective for reporting periods beginning after December 15, 2021 or FY 2022/2023. The City is evaluating the impact of this Statement on the financial statements.

Governmental Accounting Standards Board (GASB) Statement No. 92 – In January 2020, GASB issued Statement No. 92, *Omnibus 2020*. The objectives of this Statement is to establish accounting and financial reporting requirements for specific issues related to leases, intra-entity transfers of assets, postemployment benefits, government acquisitions, risk financing and insurance-related activities of public entity risk pools, fair value measurements, and derivative instruments. The requirements of this Statement are effective for reporting periods beginning after June 15, 2021 or FY 2021/2022, except for the requirement relating to Statement 87 and Implementation Guide 2019-3; reinsurance recoveries, and terminology used to refer to derivative instruments which are effective upon issuance. The City is evaluating the impact of this Statement on the financial statements

Governmental Accounting Standards Board (GASB) Statement No. 93 – In May 2020, GASB issued Statement No. 93, *Replacement of Interbank Offered Rates*. The objectives of this Statement is to address those and other accounting and reporting implications resulting from the replacement of an IBOR by providing exceptions for certain hedging derivative instruments to the hedge accounting termination provisions when an IBOR is replaced and providing clarification to the hedge accounting termination provisions, removing LIBOR as a benchmark interest rate for the qualitative evaluation of the effectiveness of an interest rate swap, identifying a Secured Overnight Financing Rate and the Effective Federal Funds Rate as appropriate benchmark interest rates for the qualitative evaluation of the effectiveness of an interest rate swap and providing an exception to the lease modifications guidance in Statement 87, as amended, for certain lease contracts that are amended solely to replace an IBOR as the rate upon which variable payments depend. The requirements of this Statement are effective for reporting periods beginning after June 15, 2021 or FY 2021/2022, except the removal of LIBOR as a benchmark interest rate which is effective for periods beginning after December 31, 2022 or FY 2023/2024. The City is evaluating the impact of this Statement on the financial statements.

Governmental Accounting Standards Board (GASB) Statement No. 94 – In March 2020, GASB issued Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*. The objectives of this Statement improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). The requirements of this Statement are effective for reporting periods beginning after June 15, 2022 or FY 2022/2023. The City is evaluating the impact of this Statement on the financial statements.

Governmental Accounting Standards Board (GASB) Statement No. 96 – In May 2020, GASB issued Statement No. 96, *Subscription-Based Information Technology Arrangements*. The objectives of this Statement is to provide guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. The requirements of this Statement are effective for reporting periods beginning after June 15, 2022 or FY 2022/2023. The City is evaluating the impact of this Statement on the financial statements.

Governmental Accounting Standards Board (GASB) Statement No. 97 – In June 2020, GASB issued Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*—an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32. The objective of this Statement is (1) to increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans. The requirements of this Statement are effective for reporting periods beginning after June 15, 2021 or FY 2021/2022. The City is evaluating the impact of this Statement on the financial statements.

g) Cash and Investments

For purposes of the statement of cash flows of the proprietary funds, all cash and investments with an original maturity of 90 days or less are considered to be cash and cash equivalents. The City pools its investment funds for maximum return.

Investments are included within the financial statement classifications of “Cash and investments” and “Cash and investments – restricted” and are stated at fair value.

The City has adopted the provisions of GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Pools* (GASB 31), which require governmental entities to report certain investments at fair value in the financial statements and recognize the corresponding change in the fair value of investments in the year in which the change occurred. In accordance with GASB 31, the City has adjusted certain investments to fair value.

h) Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either “due to/from other funds” (i.e., the current portion of interfund loans) or “advances to/from other funds” (i.e., the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as “due to/from other funds.”

i) Capital Assets

Capital assets, which include land, machinery, equipment (vehicles, computers, etc.), buildings and improvements, and infrastructure assets (roads, bridges, etc.), are reported in the statements of net position. Capital assets are defined by the City as all land and buildings; vehicles, and equipment with an initial individual cost of more than \$5,000; improvements and infrastructure assets with costs of more than \$100,000. Contributed capital assets are valued at their estimated fair market value on the date contributed. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are recorded at acquisition value. All other capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available.

Depreciation is recorded on a straight-line basis over the useful life of the assets as follows:

Parks improvements	25 years
Buildings and improvements	25 to 50 years
Machinery, improvements and equipment	3 to 10 years
Infrastructure assets	10 to 100 years

Infrastructure assets includes pavement/roads, storm drains, sidewalks, landscaping, curb and gutters, street lights, traffic signals, bridges, culverts, catch basins, retaining and sound walls, v-ditches, drainage structures and fencing.

Some capital assets may be acquired using Federal and State grant funds, or they may be contributed by developers or other governments. GASB Statement 34 requires that these contributions be accounted for as revenues at the time the capital assets are contributed.

j) Deferred Outflows and Inflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then.

In addition to liabilities, the statement of net position or balance sheet reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position or fund balance that applies to a future period(s) and so will not be recognized as an inflow or resources (revenue) until that time.

k) Long-Term Debt

In the government-wide statements long-term debt is recorded as liability in the Statement of Net Position.

l) Employee Compensated Absences

City employees may receive from twelve to twenty-two days vacation time each year, depending upon length of service. An employee may accumulate earned vacation time up to a maximum of two years' worth of accrued vacation leave. Upon termination, employees are paid the full value of their unused vacation and compensatory time at their existing salary. City employees may accrue twelve days of sick leave each year. Upon termination, employees are paid 25-50 percent depending on length of service, of the value of their unused sick leave balance at their existing salary. There is no fixed payment schedule for employee compensated absences. The liability will be paid from the fund where the employee's salary was charged, primarily from the general fund.

The changes of the compensated absences in fiscal year 2019-2020 were as follows:

	Governmental Activities
Beginning Balance	\$ 4,839,057
Additions	809,238
Payments	(1,174,046)
Ending Balance	\$ 4,474,249
Current Portion	\$ 699,271

m) Property Taxes

Property taxes are assessed, collected and allocated by the County of Contra Costa.

The duties of assessing and collecting property taxes are performed by the County of Contra Costa Assessor and Tax Collector, respectively. Under the County's "Teeter Plan," the County remits the entire amount levied and handles all delinquencies, retaining interest and penalties. Tax levies cover the period from July 1 to June 30 of each year. All tax liens attach annually on the first day in January proceeding the fiscal year for which the taxes are levied. Taxes are levied on both real and personal property, as it exists on that date.

Secured property taxes are levied against real property and are due and payable in two equal installments. The first installment is due on November 1 and becomes delinquent if not paid by December 10. The second installment is due on February 1 and becomes delinquent if not paid by April 10.

n) Claims and Judgments

When it is probable that a claim liability has been incurred, and the amount of the loss can be reasonably estimated, the City records the estimated loss, net of any insurance coverage under its self-insurance program. At June 30, 2020, in the opinion of the City Attorney, the City had no material claims, which require loss provisions in the financial statements. Small claims and judgments are recorded as expenditures when paid.

The City's self-insurance program is administered through the Municipal Pooling Authority (the MPA), which is described at Note 13(a). The MPA is a public entity risk pool, which is accounted for under the provisions of GASB Statement No. 10, *Accounting and Financial Reporting for Risk Financing and Related Insurance Issues*. Claim losses recorded in the MPA include both current claims and Incurred but Not Reported (IBNR) claims. Payments to the MPA for claim settlements are recorded by the City as expenditures in the Insurance Liability Internal Service Fund when paid.

o) Allocation of Investment Earnings Among Funds

The City pools all non-restricted cash for investment purchases and allocates interest income and gains and losses in market value based on month-end cash balances. Funds that have restricted cash record interest income in the respective fund.

p) Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

q) Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The fair value hierarchy categorizes the inputs to valuation techniques used to measure fair value into three levels based on the extent to which inputs used in measuring fair value are observable in the market.

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 inputs are inputs – other than quoted prices included within level 1 – that are observable for an asset or liability, either directly or indirectly.

Level 3 inputs are unobservable inputs for an asset or liability.

If the fair value of an asset or liability is measured using inputs from more than one level of the fair value hierarchy, the measurement is considered to be based on the lowest priority level input that is significant to the entire measurement.

r) Net Pension Liabilities, Expenses and Deferred Outflows of Resources/Inflows of Resources Related to pension

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the City's California Public Employees' Retirement System (CalPERS) plans (Plans) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by the CalPERS Financial Office. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value

s) OPEB Liabilities, Expenses and Deferred Outflows of Resources/Inflows of Resources Related to OPEB

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the City's OPEB Plan and additions to/deductions from the OPEB Plan's fiduciary net position have been determined on the same basis as they are reported by the California Employers' Retiree Benefit Trust (CERBT). For this purpose, benefit payments are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value.

t) New Funds

The Certificates of Participation (COP) #13 is used to account for the issuance of the 2019 COP and related on-going debt services.

Note 2 - Stewardship, Compliance and Accountability

Budgetary Accounting

The City Council adopts an Annual Budget, in accordance with generally accepted accounting principles, no later than the second meeting of June of each year for the fiscal year commencing the following July 1. The City follows these procedures in establishing the budgetary data reflected in the financial statements:

1. During May of each year, the City Manager submits to the City Council a proposed budget for the next fiscal year. Copies are made available to the public, the press, and staff members.
2. A series of Council work sessions are held at which the recommended budget is reviewed in detail and the departments (as requested) provide additional information.
3. After review by the City Council, a public hearing is conducted for the purpose of receiving public input on the recommended operating and capital budgets, the Master Fee Schedule, and the Appropriation Limit.
4. Upon completion of the hearings and modifications, if any, to the proposed budget, the budget is adopted no later than June 30th by the City Council through passage of appropriate resolutions.
5. Generally, the budget is amended in the middle of the year. All approved additional appropriations are added to the adopted budget and an amended budget is presented to the City Council, which adopts it after due review. Expenditures may not exceed budgeted appropriations at the fund level.

Under Article XIII B of the California Constitution (the Gann Spending Limitation Initiative), the City is restricted as to the amount of annual appropriations from the proceeds of taxes, and if proceeds of taxes exceed allowed appropriations, the excess must either be refunded to the State Controller, returned to the taxpayers through revised tax rates or revised fee schedules, or an excess in one year may be offset against a deficit in the following year. For the fiscal year ended June 30, 2020, based on calculations by City Management, proceeds of taxes did not exceed related appropriations.

Expenditure in Excess of Appropriations

The City had the following funds with expenditures in excess of appropriations for the year ended June 30, 2020:

Fund Name	Amount
<i>Governmental Non-Major Funds:</i>	
Housing	\$ 3,157
Police services	3,520

Note 3 - Cash and Investments

Cash and investments as of June 30, 2020 are classified in the accompanying financial statements as follows:

	Amount
<i>Statement of Net Position</i>	
Cash and investments	\$ 87,265,155
Cash and investments - restricted	21,686,174
<i>Statement of Fiduciary Net Position</i>	
Cash and investments:	
Private Purpose Trust Fund	5,991,549
Agency Funds	235,319
Total Cash and investments	\$ 115,178,197
 <i>Cash and investments as of June 30 consisted of the following:</i>	
Cash on hand	\$ 15,395
Deposits with financial institutions	3,670,929
Investments	111,491,873
Total Cash and investments	\$ 115,178,197

a) Investments Authorized by the California Government Code and the City's Investment Policy

The following table identifies the investment types that are authorized for the City by the California Government Code (or the City's investment policy, where more restrictive). The table also identifies certain provisions of the California Government Code (or the City's investment policy, where more restrictive) that address interest rate risk, credit risk, and concentration of credit risk. This table does not address investment of debt proceeds held by bond trustee that are governed by the provisions of debt agreements of the City, rather than the general provisions of the California Government Code or the City's investment policy; nor does the table address the investment of funds set aside for the payment of retiree health care benefits which are governed by a separate less restrictive section of the California Government Code.

Authorized Investment Type	Maximum Maturity	Minimum Credit Quality**	Maximum Percentage of Portfolio *	Maximum Investment in One Issuer
Bankers' Acceptances	180 days	P-1/ A-1	40%	2%
Commercial Paper	270 days	A-1/P-1/F-1	25%	10%
FDIC Insured Certificates of Deposit	5 years	None	None	\$250,000
Federal Agency Securities	5 years	None	None	50%
Local Agency Bonds	5 years	Aa3/AA-/AA-	None	10% San Ramon / 2% other Municipal Securities
Local Agency Investment Fund (LAIF)	N/A	None	15%	\$40 million
Medium-Term Corporate Notes	5 years	Aa3/AA-/AA-	30%	2%
Money Market Mutual Funds	None	Aaa/AAA	20%	10%
Negotiable Order of Withdrawal	N/A	AA	\$3,500,000	None
Negotiable Time Certificates of Deposit	5 years	Aa2/AA	30%	2%
Repurchase Agreements	30 days	None	30%	50%
State of CA Bonds	5 years	Aa3/AA/AA	None	None
State of CA Obligations	5 years	AA3/AA-	3%	3%
Supranational Debt Organizations	5 years	AA	30%	5%
U.S. Treasury Obligations	5 years	None	None	None

* Excluding amounts held by bond trustee and funds invested for the payment of retiree health care benefits.

** At time of purchase

b) Investments Authorized by Debt Agreements

Investments of debt proceeds held by bond trustees are governed by provisions of the debt agreements, rather than the general provisions of the California Government Code or the City's investment policy. The table below identifies the investment types that are authorized for investments held by bond trustee. The table also identifies certain provisions of these debt agreements that address interest rate risk, credit risk, and concentration of credit risk.

Authorized Investment Type	Maximum Maturity	Maximum Percentage Allowed	Maximum Investment in One Issuer	Minimum Credit Quality
Bankers' Acceptances	366 days	None	40%	A-1
Commercial Paper	270 days	None	None	A-1, AAA
Federal Agency Obligations	3 years	None	None	AAA
Federal Agency Securities	None	None	None	None
Investment Agreements	30 years	None	None	None
Local Agency Bonds	None	None	None	None
Local Agency Investment Fund (LAIF)	N/A	None	15%	None
Medium-Term Corporate Notes	5 years	None	None	None
Money Market Mutual Funds	N/A	None	None	AAA
Mortgage-backed Securities	None	None	None	None
Municipal Bonds	None	None	None	AAA
U.S. Treasury Obligations	None	None	None	None

c) Disclosures Relating to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the City manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

Information about the sensitivity of the fair values of the City's investments (including investments held by bond trustee) to market interest rate fluctuations is provided by the following table that shows the distribution of the City's investments by maturity:

Investment Type	12 Months or less	13 to 24 Months	25 to 60 Months	Total
Federal Agency Securities	\$ 10,127,767	\$ 13,804,930	\$ 31,409,104	\$ 55,341,801
U.S. Treasury Notes	2,006,900	2,048,600	-	4,055,500
Municipal Securities	506,725	-	1,051,700	1,558,425
Medium-Term Corporate Notes	3,051,450	1,038,660	4,178,830	8,268,940
Negotiable Time Certificates of Deposit	1,000,127	1,285,476	3,646,180	5,931,783
Commercial Paper	8,142,202	-	-	8,142,202
Money Market Mutual Funds	1,816,672	-	-	1,816,672
Supranational Obligations	1,006,310	-	-	1,006,310
Local Agency Investment Fund (LAIF)	3,684,066	-	-	3,684,066
Held by trustee:				
Money Market Mutual Funds	16,459	-	-	16,459
PARS Trust - Mutual Funds	4,311,638	-	-	4,311,638
US Treasury/Federal Agency	17,358,077	-	-	17,358,077
Total Investments	\$ 53,028,393	\$ 18,177,666	\$ 40,285,814	111,491,873
Cash in banks and on hand				<u>3,686,324</u>
Total Cash and Investments				<u><u>\$ 115,178,197</u></u>

d) Disclosures Relating to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by (where applicable) the California Government Code, the City's investment policy, or debt agreements, and the actual rating as of year-end for each investment type, as provided by Moody's investment rating system:

Investment Type	Ratings as of June 30, 2020			Total
	Aaa	Aa1 to Aa3	P-1	
Commercial Paper	\$ -	\$ -	\$ 8,142,202	\$ 8,142,202
Federal Agency Securities	53,344,661	-	1,997,140	55,341,801
Municipal Securities	-	1,558,425	-	1,558,425
Medium-Term Corporate Notes	2,088,140	4,183,659	1,997,141	8,268,940
Money Market Mutual Funds	1,816,672	-	-	1,816,672
Supranational Obligations	1,006,310	-	-	1,006,310
U.S. Treasury Notes	13,988,152	-	-	13,988,152
Held by trustee:				
Money Market Mutual Funds	3,386,384	-	-	3,386,384
PARS Trust - Mutual Funds	4,311,638	-	-	4,311,638
Subtotal	<u>\$ 79,941,957</u>	<u>\$ 5,742,084</u>	<u>\$ 12,136,483</u>	97,820,524
<i>Not Rated:</i>				
Local Agency Investment Fund				3,684,066
Negotiable Time Certificates of Deposit				5,931,783
<i>Exempt from credit rate disclosure:</i>				
U.S. Treasury Notes				<u>4,055,500</u>
Total Investments				<u>\$ 111,491,873</u>

e) Fair Value Hierarchy

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure fair value of the assets. Level 1 inputs are quoted prices in an active market for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

The following is a summary of the fair value hierarchy of the fair value of investments of the City as of June 30, 2020:

	<u>Level 1</u>	<u>Level 2</u>	<u>Total</u>
<i>Investments by Fair Value Level:</i>			
Federal Agency Securities	\$ 1,997,140	\$ 53,344,661	\$ 55,341,801
Municipal Securities	-	1,558,425	1,558,425
Medium-Term Corporate Notes	-	8,268,940	8,268,940
Negotiable Time Certificates of Deposit	-	5,931,783	5,931,783
Supranational Obligations	-	1,006,310	1,006,310
Commercial Paper	-	8,142,202	8,142,202
U.S. Treasury Notes	4,055,500	-	4,055,500
	<u>\$ 6,052,640</u>	<u>\$ 78,252,321</u>	84,304,961
<i>Investments Measured at Amortized Cost:</i>			
Money Market Mutual Funds			1,816,672
Held by trustee:			
Money Market Mutual Funds			17,374,536
PARS Trust - Mutual Funds			4,311,638
<i>Investments Exempt from Fair Value Hierarchy:</i>			
Local Agency Investment Fund (LAIF)			<u>3,684,066</u>
Total Investments			<u>\$ 111,491,873</u>

Investments classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities or offer same day liquidity at a price of par. Investments classified in Level 2 of the fair value hierarchy, are valued using a matrix pricing technique. Matrix pricing is the process of estimating the market price of a bond based on the quoted prices of more frequently traded comparable bonds. The Local Agency Investment Fund and the Money Market Funds are reported at amortized cost because the transactions are based on a stable net asset value per share. All contributions and redemptions are transacted at \$1.00 net asset value per share.

f) Concentration of Credit Risk

The investment policy of the City contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. Investments in any one issuer (other than U.S. Treasury securities, mutual funds, and external investment pools) that represent 5% or more of total City investments are as follows:

<u>Issuer</u>	<u>Investment Type</u>	<u>Amount</u>
Federal Farm Credit Bank	Federal Agency Securities	\$ 24,122,324
Federal Home Loan Bank	Federal Agency Securities	13,895,407
Federal Home Loan Mortgage Corporation	Federal Agency Securities	8,026,340
Federal National Mortgage Association	Federal Agency Securities	7,271,550

g) Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker- dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the City's policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure City deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

As of June 30, 2020, \$3,420,929 of the City's deposits with financial institutions in excess of Federal Depository Insurance Limits were collateralized.

h) Investment in State Investment Pool

The City is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California. The pool is not rated by the Securities and Exchange Commission. The book value of the City's investment in this pool is reported in the accompanying financial statements at amounts based upon the City's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis.

The total amount invested by all public agencies in LAIF as of June 30, 2020 was \$32.1 billion. LAIF is a part of the California Pooled Money Investment Act (PMIA), which at June 30, 2020 had a portfolio balance of \$101.0 billion. Included in LAIF's investment portfolio are collateralized mortgage obligations, mortgage-backed securities, other asset-backed securities, loans to certain state funds, and floating rate securities issued by federal agencies, government- sponsored enterprises, United States Treasury Notes and Bills, and corporations. The average maturity of PMIA investments was 191 days as of June 30, 2020.

Note 4 - Interfund Transactions

a) Interfund Balances

The purpose of the interfund receivables and payables is to make short-term loans from the General Fund to various funds. This interfund loan is to provide for operating cash flow. At June 30, 2020, interfund balances were as follows:

Due From Other Funds	Due to Other Funds	Amount
General Fund	Dougherty Valley Special Revenue Fund	\$ 7,225,189
	Non-Major Governmental Funds	150,429
		\$ 7,375,618

b) Interfund Transfers

Interfund transfers for the year ended June 30, 2020 consisted of the following:

Transfers From	Transfers To	Amount Transferred	
General Fund	Dougherty Valley Special Revenue Fund	\$ 681,049	(A)
	COPS #13 Debt Service Fund	3,003,772	(C)
	Capital Improvements Capital Projects Fund	264,000	(B)
	Internal Service Funds	3,263,988	(E)
	Non-major Governmental Funds	35,000	(A), (C)
Dougherty Valley Special Revenue Fund	General Fund	150	(A)
	Capital Improvements Capital Projects Fund	414,000	(A)
	Internal Service Funds	21,860	(E)
	Non-major Governmental Funds	202,391	(A)
COPS #13 Debt Service Fund	Capital Improvements Capital Projects Fund	6,827,027	(B)
Capital Improvements Capital Projects Fund	General Fund	1,028,594	(A), (C)
	Dougherty Valley Special Revenue Fund	864	(A)
	Non-major Governmental Funds	989,286	(A), (C)
Nonmajor Governmental Funds	Internal Service Funds	2,126,806	(C), (E)
	General Fund	2,577,559	(A)
	Capital Improvements Capital Projects Fund	13,013,424	(B)
	Non-major Governmental Funds	476,991	(A)
Internal Service Funds	General Fund	46,840	(A)
	Capital Improvements Capital Projects Fund	4,040,582	(B)
	Internal Service Funds	500,000	(E)
Total Interfund Transfers		\$ 39,514,183	

- (A) Transfers to fund operation expenditures
- (B) Transfers to fund capital improvements
- (C) Transfers to fund debt service
- (D) Transfers to return excess CIP funding
- (E) Transfer to Internal Service Funds

Note 5 - Notes and Loans Receivable

Notes and loans receivable activities for the year ended June 30, 2020 is as follows:

	Balance at June 30, 2019	Additions	Deletions	Balance at June 30, 2020
<i>Governmental Activities:</i>				
American Baptist Homes	\$ 5,500,000	\$ -	\$ -	\$ 5,500,000
REHAB Loan Program	69,084	-	(34,084)	35,000
Computer Loans	24,508	12,292	(21,429)	15,371
Greystone Homes, Inc.	9,925	-	-	9,925
Firearm Safe Loans	5,830	170	(3,560)	2,440
Cree Court	65,418	-	(63,890)	1,528
Total	<u>5,674,765</u>	<u>12,462</u>	<u>(122,963)</u>	<u>5,564,264</u>
<i>Fiduciary Funds:</i>				
Diablo Motors	<u>8,349</u>	<u>-</u>	<u>(1,416)</u>	<u>6,933</u>
	<u>\$ 5,683,114</u>	<u>\$ 12,462</u>	<u>\$ (124,379)</u>	<u>\$ 5,571,197</u>

a) Greystone Homes, Inc.

In January 1996, the City entered into an Affordable Housing Agreement with Greystone Homes, Inc. The agreement provides for various restrictions on the project to facilitate the affordability of housing units to qualifying low and moderate-income residents. The agreement calls for the reduction of the purchase price of affordable units by \$5,000. Upon initial sale of each affordable unit, the homebuyer will execute a promissory note to the City for \$9,925, accruing annually compounded interest at 3 percent for a term not to exceed thirty years. The homebuyer agrees to repay the note, together with interest accrued and deferred, upon sale or transfer of the affordable unit. For each note, \$4,925 represents the deferred payment of the San Ramon Valley Boulevard Widening Fee to the City.

b) American Baptist Homes

In April 2007, the former Redevelopment Agency approved a loan to American Baptist Homes in the amount of \$5,500,000 for the development and improvement of real property for the purpose of developing 105 units of multifamily housing for seniors to very-low-income and low-income households in the City of San Ramon. The \$5,500,000 includes a \$750,000 loan from the State of California to the former Redevelopment Agency which was then loaned by the Agency to American Baptist Homes. The loan is due and payable in full to the San Ramon Housing Fund no later than fifty-five (55) years from the Completion Date.

c) REHAB Loan Program

In November 2007, the former Redevelopment Agency implemented a Home Rehabilitation Loan Program to fund existing Home Rehabilitation Grants and the Exterior Enhancement Rebate Program from the 2006 Housing Bond proceeds. The Housing Rehabilitation Loan Program proposes a \$35,000 deferred loan be made available to medium, low, very-low and extremely-low income households at 3% interest. The loan would accrue interest for thirty years and be due upon sale, transfer, or refinance of the property. It is anticipated that repayments will start in year four of the program. Recycled funds will be used to fund future housing rehabilitation loans. During fiscal year 2019-2020, no new loans were issued and \$34,084 in loan payments were collected.

d) Cree Court

The City provided home improvement loans to three homeowners within the City. These individuals make principal and interest payments through their property taxes. See Developer Agreement Note 14(d) for additional information.

e) Firearm Safe Loans

The City's Home Safe and Vehicle Vault/Security System Loan Program provides a financing alternative for sworn San Ramon police officers wishing to purchase secure firearm storage products for their home and personal vehicles. As of June 30, 2020, there were \$2,440 outstanding loans.

f) Computer Loans

The City's Computer Loan Program provides a financing alternative for employees wishing to purchase personal computer hardware and software similar to what they may be asked to use for City business. As of June 30, 2020, thirty City employees had loans outstanding totaling \$15,371.

Note 6 - Loan Receivable from Successor Agency

During May 2020, the San Ramon Redevelopment Agency (the "RDA") authorized a loan from the Low/Mod Housing Fund to the former Redevelopment Special Revenue Fund in the amount of \$2,888,859 for five years at the City pool interest rate. These funds were to supplement the State's Supplemental Educational Revenue Augmentation Fund for 2009-2010.

During April 2011, the former RDA authorized an additional loan from the Low/Mod Housing Fund to the Redevelopment Special Revenue Fund in the amount of \$594,765 for five years at the City pool interest rate. These additional funds were to supplement the State's Supplemental Educational Revenue Augmentation Fund for 2010-2011.

In fiscal year 2011-2012, the former RDA was dissolved (per Assembly Bill AB X1 26) and all loans were transferred from the RDA to the San Ramon Successor Agency (the "Successor Agency"). During the fiscal year 2012-2013, the City took over ownership of the Low/Mod Housing Fund from the Successor Agency, thereby taking ownership of the two loans. The fund name was changed to the San Ramon Housing Fund and the outstanding amount of the two loans totaled \$359,887 at June 30, 2020.

Note 7 - Capital Assets

The following table presents the capital assets activities for the year ended June 30, 2020:

	Balance at July 1, 2019	Additions	Transfers/ Retirements	Balance at June 30, 2020
<i>Governmental activities</i>				
Capital assets not being depreciated:				
Land	\$ 42,275,381	\$ -	\$ -	\$ 42,275,381

Landscaping	(23,554,225)	(2,248,940)	-	(25,803,165)
Total accumulated depreciation	<u>(348,373,267)</u>	<u>(20,771,709)</u>	<u>-</u>	<u>(369,144,976)</u>
Net Capital assets being depreciated	<u>368,619,256</u>	<u>(17,453,429)</u>	<u>-</u>	<u>351,165,827</u>
Governmental activity capital assets, net	<u>\$ 419,817,009</u>	<u>\$ (14,920,786)</u>	<u>\$ (410,358)</u>	<u>\$ 404,485,865</u>

Depreciation expense is charged to functions and programs based on their usage of the related assets. The amounts allocated to each function or programs are as follows:

Governmental Activities	Amount
General government	\$ 356,177
Community development	132,652
Police	128,866
Public works	18,492,277
Parks and community services	1,446,948
Internal service funds	214,789
	\$ 20,771,709

Note 8 - Long-Term Debt

Governmental Activities:

Long-term debt for the year ended June 30, 2020 is as follows:

	Balance July 1, 2019	Additions	Retirements	Balance June 30, 2020	Amount due within one year
Certificates of Participation:					
2011 COPS #12 Refunding Bonds	\$ 4,210,000	\$ -	\$ (1,405,000)	\$ 2,805,000	\$ 1,455,000
2019 COPS #13	-	20,990,000	(400,000)	20,590,000	695,000
Premium on 2011 COPS #12	267,667	-	(89,222)	178,445	44,611
Premium on 2019 COPS #13	-	3,358,385	(4,636)	3,353,749	32,436
Pension Obligation Bonds	15,475,000	-	(405,000)	15,070,000	430,000
Direct-Borrowing:					
Bank of America Capital Lease - LED Lighting	1,471,345	-	(237,941)	1,233,404	252,583
Total Debt	\$ 21,424,012	\$ 24,348,385	\$ (2,541,799)	\$ 43,230,598	\$ 2,909,630

a) 2011 Certificates of Participation (COP #12)

On July 12, 2011, the San Ramon Public Financing Authority issued \$11,585,000 of refunding certificates of participation. These certificates were issued to repay the City's 2001 Certificates of Participation in the amount of \$8,415,000 and the City's 1996 Certificates of Participation in the amount of \$4,915,000. The 1996 and 2001 Certificates financed the expansion of Central Park and construction of the Community Center. As a result of this current refunding, the refunded bonds are considered to be defeased and the liability has been removed from the statement of net position. Interest on the certificates accrues at 2.50% to 5.00% and is payable semiannually on June 1 and December 1. Principal is payable each June 1.

The reacquisition price exceeded the net carrying amount of the old debt by \$364,212, resulting in a deferred loss on refunding. This amount, with a balance of \$178,445 as of June 30, 2020, is being netted against the new debt and amortized over the remaining life of the new debt, which is shorter than the life of the refunded debt and recorded as a deferred outflow of resources on the Statement of Net Position. Original deferred loss is \$364,212 amortized over the remaining life of the debt.

Debt service payments on the 2011 Certificates of Participation will be made from a debt service fund. Annual debt service requirements to maturity are as follows:

For the Year Ending June 30	2011 COP #12 Refunding		
	Principal	Interest	Total
2021	\$ 1,455,000	\$ 116,075	\$ 1,571,075
2022	430,000	65,150	495,150
2023	450,000	43,650	493,650
2024	470,000	21,150	491,150
Total	2,805,000	<u>\$ 246,025</u>	<u>\$ 3,051,025</u>
Plus: Premium on debt	<u>178,445</u>		
	<u>\$ 2,983,445</u>		

b) 2019 Certificates of Participation (COP #13)

On October 17, 2019, the City of San Ramon issued \$20,990,000 of certificates of participation. These certificates were issued to acquire, construct and improve multiple capital improvement projects. Interest on the certificates accrues at 3.0% to 5.0% and is payable semiannually on June 1 and December 1. Principal is payable each June 1.

Debt service payments on the 2019 Certificates of Participation will be made from a debt service fund. Annual debt service requirements to maturity are as follows:

For the Year Ending 30-Jun	2019 COP #13		
	Principal	Interest	Total
2021	\$ 695,000	\$ 903,500	\$ 1,598,500
2022	725,000	875,700	1,600,700
2023	760,000	839,450	1,599,450
2024	800,000	801,450	1,601,450
2025	840,000	761,450	1,601,450
2026-2030	4,865,000	3,134,500	7,999,500
2031-2035	6,090,000	1,912,800	8,002,800
2036-2039	5,815,000	592,800	6,407,800
Total	20,590,000	<u>\$ 9,821,650</u>	<u>\$ 30,411,650</u>
Plus: Premium on debt	<u>3,353,749</u>		
	<u>\$ 23,943,749</u>		

c) Pension Obligation Bonds

On January 21, 2010, taxable pension obligation bonds in the amount of \$17,650,000 were issued to prepay the unfunded CalPERS pension obligation. Interest on the bonds accrues at 4 to 6.4 percent and is payable semiannually on June 1 and December 1. Principal is payable each June 1. Term bonds maturing February 1, 2039 are subject to mandatory sinking fund redemption at par commencing June 1, 2015.

Debt service payments on the Pension Obligation Bonds will be made from a debt service fund. Annual debt service requirements to maturity are as follows:

For the Year Ending 30-Jun	2010 Taxable Pension Obligation Bonds		
	Principal	Interest	Total
2021	\$ 430,000	\$ 964,480	\$ 1,394,480
2022	455,000	936,960	1,391,960
2023	485,000	907,840	1,392,840
2024	515,000	876,800	1,391,800
2025	550,000	843,840	1,393,840
2026 - 2030	3,320,000	3,644,800	6,964,800
2031 - 2035	4,535,000	2,435,520	6,970,520
2036 - 2039	4,780,000	788,800	5,568,800
Total	<u>\$ 15,070,000</u>	<u>\$ 11,399,040</u>	<u>\$ 26,469,040</u>

d) Bank of America Capital Lease

On June 28, 2012, the City entered into a twelve-year lease agreement in the amount of \$2,687,302 for the lease/purchase of LED lights for the Citywide lighting project, which had a net book value of \$2,610,265 at June 30, 2020. The total monthly payments range from \$18,105 to \$25,940 including interest at 2.34%. Annual debt service requirements to maturity are as follows:

For the Year Ending 30-Jun	Bank of America Capital Lease		
	Principal	Interest	Total
2021	\$ 252,583	\$ 26,190	\$ 278,773
2022	267,841	20,117	287,958
2023	283,739	13,681	297,420
2024	300,300	6,865	307,165
2025	128,941	755	129,696
Total	<u>\$ 1,233,404</u>	<u>\$ 67,608</u>	<u>\$ 1,301,012</u>

Fiduciary Funds:

The City is serving as a successor agency to the Redevelopment Agency which has long-term debt for the year ended June 30, 2020 as follows:

	Balance July 1, 2019 As restated	Additions	Retirements	Balance June 30, 2020	Amount due within one year
2006 Tax Allocation Revenue Bonds, Series A	\$ 21,198,990	\$ 990,167	\$ (1,300,000)	\$ 20,889,157	\$ 682,292

a) 2006 Tax Allocation Revenue Bonds, Series A

On October 11, 2006, the San Ramon Public Financing Authority issued 2006 Tax Allocation Revenue Bonds, Series A, consisting of \$ 19,535,000 amount of Current Interest Bonds and \$12,331,570.15 initial principal amount of Capital Appreciation Bonds. These Bonds were issued to finance redevelopment projects and pay costs of the Bonds issuance. Interest on the certificates accrues at 4.49% to 4.87% and is payable semiannually on February 1 and August 1. Principal is payable each February 1. The current interest portion was refunded by the 2015 Subordinate Tax Allocation Refunding Bonds, Series A.

Debt service payments on the 2006 Tax Allocation Revenue Bonds, Series A, will be made from the fiduciary fund. Annual debt service requirements to maturity are as follows:

	Principal	Interest to Maturity	Total
2021	\$ 682,292	\$ 617,708	\$ 1,300,000
2022	645,778	649,222	1,295,000
2023	615,459	684,541	1,300,000
2024	582,595	712,405	1,295,000
2025	766,914	1,028,086	1,795,000
2026-2030	4,473,369	7,991,631	12,465,000
2031-2033	3,154,491	7,450,507	10,605,000
	<u>10,920,898</u>	<u>\$ 19,134,100</u>	<u>\$ 30,055,000</u>
Accretion to date	9,968,259		
	<u>\$ 20,889,157</u>		

b) 2015 Subordinate Tax Allocation Refunding Bonds, Series A

On June 4, 2015, the Successor Agency of the Redevelopment Agency has issued 2015 Subordinate Tax Allocation Refunding Bonds, Series A, for \$33,860,000. The Bonds were issued to prepay all amounts outstanding under the 1998 Tax-Exempt Loan and the 2004 Tax-Exempt Loan and the portion of the 2006 Tax-Exempt Loan. Interest on the bonds accrues at 4 to 5 percent and is payable semiannually on February 1 and August 1. Principal is payable each February 1.

Debt service payments on the 2015 Subordinate Tax Allocation Refunding Bonds, Series A, will be made from the fiduciary fund. Annual debt service requirements to maturity are as follows:

	Principal	Interest to Maturity	Total
2021	\$ 1,765,000	\$ 1,619,500	\$ 3,384,500
2022	1,850,000	1,531,250	3,381,250
2023	1,945,000	1,438,750	3,383,750
2024	2,040,000	1,341,500	3,381,500
2025	1,520,000	1,239,500	2,759,500
2026-2030	5,025,000	5,072,000	10,097,000
2031-2035	6,765,000	4,396,250	11,161,250
2036-2039	11,480,000	1,166,250	12,646,250
	<u>\$ 32,390,000</u>	<u>\$ 17,805,000</u>	<u>\$ 50,195,000</u>

c) 2015 Subordinate Tax Allocation Refunding Bonds, Series B

On June 4, 2015, the Successor Agency of the Redevelopment Agency has issued 2015 Subordinate Tax Allocation Refunding Bonds, Series B, for \$16,515,000. The Bonds were issued to prepay the 2006 Taxable Housing Loan and the 2006 Taxable Non-Housing Loan. The remaining proceeds of the 2015 Bonds were used to purchase a municipal bond insurance policy and a debt service reserve insurance policy for the 2015 Bonds. Interest on the bonds accrues at 1 to 4 percent and is payable semiannually on February 1 and August 1. Principal is payable each February 1.

Debt service payments on the 2015 Subordinate Tax Allocation Refunding Bonds, Series B, will be made from the fiduciary fund. Annual debt service requirements to maturity are as follows:

	Principal	Interest to Maturity	Total
2021	\$ 345,000	\$ 559,975	\$ 904,975
2022	355,000	549,625	904,625
2023	365,000	538,088	903,088
2024	375,000	525,313	900,313
2025	520,000	511,250	1,031,250
2026-2030	3,160,000	2,205,200	5,365,200
2031-2035	4,320,000	1,371,013	5,691,013
2036-2039	3,110,000	299,963	3,409,963
	<u>\$ 12,550,000</u>	<u>\$ 6,560,427</u>	<u>\$ 19,110,427</u>

Note 9 - Net Position and Fund Balances

a) Net Position

The government-wide and proprietary fund financial statements utilize a net position presentation. Net position is categorized as invested in capital assets (net of related debt), restricted, and unrestricted.

- *Net Investment in Capital Assets* – groups all capital assets, including infrastructure, into one component of net position. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction, or improvement of these assets reduce the balance in this category.
- *Restricted* – reflects net position that are subject to constraints either (1) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or (2) imposed by law through constitutional provisions or enabling legislation. Enabling legislation authorizes the City to assess, levy, charge, or otherwise mandate payment of resources and includes a *legally enforceable* requirement that those resources be used only for the specific purposes stipulated in the legislation. A legally enforceable enabling legislation restriction is one that a party external to a government – such as citizens, public interest groups, or the judiciary – can compel a government to honor.
- *Unrestricted* – represents net position of the City that are not restricted for any project or purpose.

b) Fund Balances

As prescribed by generally accepted accounting principles, governmental funds report fund balance in classifications based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in the funds can be spent. As of June 30, 2020, fund balances for government funds are made up of the following:

- *Nonspendable* – includes amounts that are (a) not in spendable form, or (b) legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash, for example: inventories, prepaid amounts, and long-term notes receivable.
- *Restricted* – includes amounts that can be spent only for the specific purposes stipulated by external resource providers, constitutionally or through enabling legislation. Restrictions may effectively be changed or lifted only with the consent of resource providers.
- *Committed* – includes amounts that can only be used for the specific purposes determined by a formal action of the City’s highest level of decision-making authority, through the adoption of a resolution. Commitments may be changed or lifted only by the City taking the same formal action that imposed the constraint originally. As of June 30, 2020, the City has committed fund balance in the amount of \$577,704. Of the committed fund balance, \$367,671 was held in the Planning Cost Recovery Fund and \$210,033 in the Geographic Information System Fund. The City established the Planning Cost Recovery Fund to separate the General Plan Recovery Fee that is collected with each building permit to cover the costs of ongoing implementation, monitoring, and maintenance of the General Plan.
- *Assigned* – comprises amounts intended to be used by the City for specific purposes that are neither restricted nor committed. *Intent* is expressed by (a) the City Council or (b) a body (for example: a budget or finance committee) or the City Manager to which the City Council has delegated the authority to assign amounts to be used for specific purposes.
- *Unassigned* – is the residual classification for the General Fund and residual fund deficits, if any, of other governmental funds. Unassigned amounts are technically available for any purpose.

In circumstances when an expenditure is made for a purpose for which amounts are available in multiple fund balance classifications, fund balance is generally depleted in the order of restricted, committed, assigned, and unassigned.

Fund balances for all the major and nonmajor governmental funds as of June 30, 2020, are as follows:

Classifications	General Fund	Dougherty Valley	COP #13	Capital Improvements	Other Governmental Funds	Total
Nonspendable:						
Notes and Loans	\$ 19,339	\$ -	\$ -	\$ -	\$ -	\$ 19,339
Prepays	<u>114,070</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>240</u>	<u>114,310</u>

Total Fund Balances	<u>\$ 15,344,050</u>	<u>\$ -</u>	<u>\$ 18,031,157</u>	<u>\$ 24,767,284</u>	<u>\$ 51,451,075</u>	<u>\$ 109,593,566</u>

c) Policies

The City's General Fund Reserve Policy requires the General Fund reserves to maintain a minimum of 36% of General Fund Operating Expenditures and the inclusion of the annual transfer payment from the General Fund to the Dougherty Valley Fund in the calculation. General Fund reserves consist of the General Fund and the COP#12 Debt Service Fund, for a combined total General Fund reserves of \$24,335,073. The uses of these reserves are restricted unless approved by resolution of the City Council.

Note 10 - Pension Plans

The City reported pension amounts on the financial statements are follows:

	Net Pension Liability	Deferred Inflows of Resouces	Deferred Outflows of Resouces	Pension Expense
Miscellaneous Agent Plan-City	\$ 26,609,642	\$ 1,188,588	\$ 7,645,919	\$ 8,618,080
Safety Cost Sharing-City	7,441,007	161,883	5,396,181	3,922,549
Miscellaneous Cost Sharing-DRFA	55,550	9,338	11,844	11,765
Safety Cost Sharing-DRFA	4,720,832	765,183	1,171,082	943,144
Total	\$ 38,827,031	\$ 2,124,992	\$ 14,225,026	\$ 13,495,538

a) General Information about the Pension Plans

Plan Descriptions – All qualified permanent and probationary employees are eligible to participate in the City’s separate Safety (police) cost-sharing and Miscellaneous (all other) agent multiple-employer defined benefit pension plans, administered by the California Public Employees’ Retirement System (CalPERS), which acts as a common investment and administrative agent for its participating member employers. Benefit provisions under the Plans are established by State statute and City resolution. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website.

Benefits Provided – CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full-time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is one of the following: The Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost of living adjustments for each plan are applied as specified by the Public Employees’ Retirement Law.

The Plans' provisions and benefits in effect at June 30, 2019 (measurement date), are summarized as follows:

	Miscellaneous		
	Prior to July 1, 2012	Between July 1, 2012 and January 1, 2013	On or after January 1, 2013
Hire date			
Benefit formula	2.7% @ 55	2% @ 60	2% @ 62
Benefit vesting schedule	5 years service	5 years service	5 years service
Benefit payments	monthly for life	monthly for life	monthly for life
Normal Retirement age	55	60	62
Monthly benefits, as a % of eligible compensation	2.0% to 2.7%	1.092% to 2.0%	1.0% to 2.0%
Required employee contribution rates	8.00%	7.00%	6.25%
Required employer contribution rates (1)	10.662%	10.662%	10.662%
Unfunded liability contribution (UAL)	\$1,676,195		

(1) The unfunded liability contribution is the aggregate for all three Miscellaneous plans

	Safety		
	Prior to July 1, 2012	Between July 1, 2012 and January 1, 2013	On or after January 1, 2013
Hire date			
Benefit formula	3% @ 50	3% @ 55	2.7% @ 57
Benefit vesting schedule	5 years service	5 years service	5 years service
Benefit payments	monthly for life	monthly for life	monthly for life
Normal Retirement age	50	55	62
Monthly benefits, as a % of eligible compensation	3%	2.4% to 3.0%	2.0% to 2.7%
Required employee contribution rates	9%	9%	12.75%
Required employer contribution rates	20.696%	18.914%	12.284%
Unfunded liability contribution	\$33,140	\$3,386	\$1,633

	Dougherty Regional Fire Authority ⁽²⁾	
	Miscellaneous Prior to July 1, 2012	Safety Prior to July 1, 2012
Hire date		
Benefit formula	2% @ 60	3% @ 50
Benefit payments	monthly for life	monthly for life
Normal Retirement age	60	50
Unfunded liability contribution	\$12,561	\$1,087,429

(2) The DRFA was terminated on June 30, 1997. City of San Ramon share the contributions requirements with City of Dublin at 42.49%.

b) City's Miscellaneous Agent Multiple-Employer Defined Benefit Pension Plan

Employees Covered – As of the most recent June 30, 2018 actuarial valuation date, the following employees were covered by the benefit terms for the Miscellaneous (agent multiple-employer plan):

	Miscellaneous
Inactive employees or beneficiaries currently receiving benefits	159
Inactive employees entitled to but not yet receiving benefits	206
Active employees	216
	581
	581

Contributions – Section 20814(c) of the California Public Employees’ Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions for the Plan are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The City is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

For the measurement period ended June 30, 2019, the City's contributions to the Plan were \$3,436,541.

Net Pension Liability

The City’s net pension liability for each Plan is measured as the total pension liability, less the pension plan’s fiduciary net position. The net pension liability for each Plan is measured as of June 30, 2019, using an annual actuarial valuation as of June 30, 2018 rolled forward to June 30, 2019 using standard update procedures. A summary of principal assumptions and methods used to determine the net pension liability is shown below.

Changes in the Net Pension Liability

The changes in the Net Pension Liability for the Miscellaneous Plan at measurement date are as follows:

	Total Pension Liability	Plan Fiduciary Net Position	Net Pension Liability/(Asset)
Balance at June 30, 2018	\$ 149,013,603	\$ 126,185,561	\$ 22,828,042
Changes in the year:			
Service cost	3,755,429	-	3,755,429
Interest on the total pension liability	10,758,879	-	10,758,879
Changes in benefit terms	-	-	-
Changes in assumptions	-	-	-
Differences between Expected and Actual Experience	2,415,967	-	2,415,967
Contribution - Employer	-	3,438,169	(3,438,169)
Contribution - Employees	-	1,528,829	(1,528,829)
Net investment income	-	8,271,435	(8,271,435)
Benefit payments, including Refunds of Employee Contributions	(5,666,944)	(5,666,944)	-
Administrative expenses	-	(90,049)	90,049
Other Miscellaneous Income/(Expense)	-	291	(291)
Net changes	<u>11,263,331</u>	<u>7,481,731</u>	<u>3,781,600</u>
Balance at June 30, 2019	<u>\$ 160,276,934</u>	<u>\$ 133,667,292</u>	<u>\$ 26,609,642</u>

Sensitivity of the Net Pension Liability to Changes in the Discount Rate – The following presents the net pension liability of the City for the Miscellaneous Plan, calculated using the discount rate for each Plan, as well as what the City’s net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

		Miscellaneous
1% Decrease		6.15%
Net Pension Liability	\$	48,992,532
Current Discount Rate		7.15%
Net Pension Liability	\$	26,609,642
1% Increase		8.15%
Net Pension Liability	\$	8,111,374

Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions

For the year ended June 30, 2020, the City recognized pension expense of \$8,618,080. At June 30, 2020, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	\$ 3,979,422	\$ -
Changes in assumptions	1,160,644	(561,940)
Differences between actual and expected experience	2,505,853	(132,357)
Net differences between Projected and Actual Earnings on Pension Plan Investments	-	(494,291)
Total	\$ 7,645,919	\$ (1,188,588)

\$3,979,422 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Year Ended June 30	Annual Amortization
2021	\$ 2,328,843
2022	(243,552)
2023	250,969
2024	141,649

c) City’s Safety Cost-Sharing Multiple-Employer Defined Benefit Plan

Contributions – Section 20814(c) of the California Public Employees’ Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions for the Plan are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The City is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

For the year ended June 30, 2020, the contributions recognized as part of pension expense for the Safety (cost-sharing plan) were as follows:

	Tier 1	Tier 2	PEPRA	Total
Contributions - employer	\$ 1,777,467	\$ 418,198	\$ 255,330	\$ 2,450,995

Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions – For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions and pensions expense, information about the fiduciary net position of the Plans and additions to/deductions from the Plans’ fiduciary net position have been determined on the same basis as they are reported by the CalPERS Financial Office. For this purpose, benefit payments (including refunds of employee contributions) are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value.

As of June 30, 2020, the City reported net pension liabilities of \$7,441,007 for its proportionate shares of the net pension liability of the Plan.

The City’s net pension liability for the Plan is measured as the proportionate share of the net pension liability. The net pension liability of the Plan is measured as of June 30, 2019, and the total pension liability for the Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2018 rolled forward to June 30, 2019 using standard update procedures. The City’s proportion of the net pension liability was based on a projection of the City’s long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. The City’s proportionate share of the net pension liability for the Plan as of June 30, 2018 and 2019 measurement dates was as follows:

	Safety
Proportion - June 30, 2018	0.10888%
Proportion - June 30, 2019	0.11920%
Change - Increase (Decrease)	0.01032%

For the year ended June 30, 2020, the City recognized a pension expense of \$3,922,549. At June 30, 2020, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	\$ 2,450,995	\$ -
Differences between actual and expected experience	485,831	-
Changes in assumptions	304,994	(59,519)
Net differences between projected and actual earnings on plan investments	-	(102,364)
Change in employer's proportion and differences between the employer's contributions and the employer's proportionate share of contributions	2,154,361	-
Total	\$ 5,396,181	\$ (161,883)

\$2,450,995 was reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Year Ended June 30	Annual Amortization
2021	\$ 1,807,312
2022	632,012
2023	324,061
2024	19,918

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate – The following presents the City's proportionate share of the net pension liability for each Plan, calculated using the discount rate for each Plan, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	Safety
1% Decrease	6.15%
Net Pension Liability	\$ 13,826,099
Current Discount Rate	7.15%
Net Pension Liability	\$ 7,441,007
1% Increase	8.15%
Net Pension Liability	\$ 2,206,233

d) Dougherty Regional Fire Authority Cost-Sharing Multiple-Employer Defined Benefit Plans

Dougherty Regional Fire Authority Background - In 1988, the cities of Dublin and San Ramon formed Dougherty Regional Fire Authority (DRFA), a Joint Powers Agency (JPA). The JPA provided fire services to all of Dublin and the southern portion of San Ramon. In 1997, the two cities decided to change how Fire Services would be provided in each City. As a result, JPA personnel were absorbed by the two new service providers pursuant to a mutual agreement. The JPA has remained intact to conclude the financial affairs of the entity. This includes residual retiree obligations and workers compensation liabilities. San Ramon's share of all DRFA close-out expenses, including retiree medical benefits, is 42.49% of the actual costs, with the City of Dublin paying 57.51% of the costs. The two cities have entered into a binding agreement to share these expenses on this basis. The City of San Ramon is presenting information only for its contractual share of the obligations.

Contributions – Section 20814(c) of the California Public Employees’ Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions for the Plan are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The City is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

For the year ended June 30, 2020, the contributions recognized as part of pension expense for the DRFA Safety (cost-sharing plan) were as follows:

	Miscellaneous	Safety	Total
Contributions - employer	\$ 5,338	\$ 462,099	\$ 467,437

Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions – For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions and pensions expense, information about the fiduciary net position of the Plans and additions to/deductions from the Plans’ fiduciary net position have been determined on the same basis as they are reported by the CalPERS Financial Office. For this purpose, benefit payments (including refunds of employee contributions) are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value.

As of June 30, 2020, the City reported net pension liabilities of \$55,550 and \$4,720,832 for the Miscellaneous and Safety Plans, respectively, for its proportionate shares of the net pension liability of the Plans.

The City’s net pension liability for the Plans is measured as the proportionate share of the net pension liability. The net pension liability of the Plans is measured as of June 30, 2019, and the total pension liability for the Plans used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2018 rolled forward to June 30, 2019 using standard update procedures. The City’s proportion of the net pension liability was based on a projection of the City’s long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined.

The City's proportionate share of the net pension liability for the Plans as of June 30, 2018 and 2019 measurement dates was as follows:

	Miscellaneous	Safety
Proportion - June 30, 2018	0.00141%	0.07383%
Proportion - June 30, 2019	0.00139%	0.07562%
Change - Increase (Decrease)	-0.00003%	0.00180%

For the year ended June 30, 2020, the City recognized a pension expense of \$11,765 and \$943,144 for the Miscellaneous and Safety plans, respectively. At June 30, 2020, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Miscellaneous	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	\$ 5,338	\$ -
Differences between actual and expected experience	3,858	(299)
Changes in assumptions	2,648	(939)
Net differences between projected and actual earnings on plan investments	-	(971)
Change in employer's proportion and differences between the employer's contributions and the employer's proportionate share of contributions	-	(7,129)
Total	\$ 11,844	\$ (9,338)
	Safety	
	Deferred Outflows of Resources	Deferred Intflows of Resources
Pension contributions subsequent to measurement date	\$ 462,099	\$ -
Differences between actual and expected experience	308,228	-
Changes in assumptions	193,499	(37,761)
Net differences between projected and actual earnings on plan investments	-	(64,943)
Change in employer's proportion and differences between the employer's contributions and the employer's proportionate share of contributions	207,256	(662,479)
Total	\$ 1,171,082	\$ (765,183)

\$5,338 and \$462,099 were reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2021.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Miscellaneous		Safety	
Year Ended June 30	Annual Amortization	Year Ended June 30	Annual Amortization
2021	\$ 285	2021	\$ 60,720
2022	(2,774)	2022	(124,114)
2023	(538)	2023	(5,443)
2024	195	2024	12,637

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate – The following presents the City’s proportionate share of the net pension liability for each Plan, calculated using the discount rate for each Plan, as well as what the City’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	Miscellaneous		Safety
1% Decrease	6.15%	1% Decrease	6.15%
Net Pension Liability	\$ 82,640	Net Pension Liability	\$ 7,054,088
Current Discount Rate	7.15%	Current Discount Rate	7.15%
Net Pension Liability	\$ 55,550	Net Pension Liability	\$ 4,720,832
1% Increase	8.15%	1% Increase	8.15%
Net Pension Liability	\$ 33,189	Net Pension Liability	\$ 2,807,927

e) Information Common to the Miscellaneous and Safety Plans

Actuarial Assumptions – For the measurement period ended June 30, 2019, the total pension liabilities were determined by rolling forward the June 30, 2018 total pension liability based on the following actuarial methods and assumptions:

	Miscellaneous & Safety
Valuation Date	June 30, 2018
Measurement Date	June 30, 2019
Actuarial Cost Method	Entry-Age Normal Cost Method
Actuarial Assumptions:	
Discount Rate	7.15%
Inflation	2.50%
Payroll Growth	3.00%
Projected Salary Increase	Varies by Entry Age and Service
Investment Rate of Return	7.15% (1)
Mortality	Derived using CalPERS Membership Data for all Funds (2)
Post Retirement Benefit Increase	Contract COLA up to 2.00% until Purchasing Power Protection Allowance Floor on Purchasing Power applies 2.50% thereafter.

(1) Net of pension plan investment and administrative expenses, including inflation

(2) The mortality table used was developed based on CalPERS' specific data. The table includes 15 years of mortality improvements using the Society of Actuaries Scale 90% of scale MP 2016. For more details on this table, please refer to the December 2017 experience study report (based on CalPERS demographic data from 1997 to 2015) that can be found on the CalPERS website.

Discount Rate – The discount rate used to measure the total pension liability for each Plan was 7.15%. The projection of cash flows used to determine the discount rate for each Plan assumed that contributions from all plan members in the Public Employees Retirement Fund (PERF) will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, each Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members for all plans in the PERF. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability for each Plan.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses.

The table below reflects the long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These rates of return are net of administrative expenses.

Asset Class (a)	New Strategic Allocation	Real Return Years 1 - 10(b)	Real Return Years 11+(c)
Global Equity	50.0%	4.80%	5.98%
Fixed Income	28.0%	1.00%	2.62%
Inflation Assets	0.0%	0.77%	1.81%
Private Equity	8.0%	6.30%	7.23%
Real Assets	13.0%	3.75%	4.93%
Liquidity	1.0%	0.00%	-0.92%
	<u>100%</u>		

(a) In the System's financial statements, Fixed Income is included in Global Debt Securities; Liquidity is included in Short-term Investments; Inflation Assets are included in both Global Equity Securities and Global Debt Securities.

(b) An expected inflation of 2.0% used for this period.

(c) An expected inflation of 2.92% used for this period.

Pension Plan Fiduciary Net Position – Detailed information about each pension plan’s fiduciary net position is available in the separately issued CalPERS financial reports

In January 2018, the City established a Section 115 Pension Trust with Public Agency Retirement Services (PARS). PARS, the trust administrator, partners with U.S. Bank and High Mark Capital Management to provide trustee and investment advisory services, respectively. This trust was established to set aside moneys to meet the City’s future pension contributions or unfunded liabilities. Financial statements of PARS may be obtained from PARS, 4350 Von Karman Avenue, Suite 100, Newport Beach, CA 92660.

Note 11 - Post-Employment Health Care Benefits – Dougherty Regional Fire Authority

The City provides certain health care benefits for Dougherty Regional Fire Authority retirees as required under contract signed with PERS and the dissolution agreement of the Authority. The cost of retiree health care benefits is recognized as expenditure as premiums are paid. For the year ended June 30, 2020, those cost totaled \$69,306. See Note 12 for additional disclosures on the City retiree health care benefits.

Note 12 - Post-Employment Healthcare Plan

Plan Description

The City administers an agent multiple-employer defined benefit healthcare plan (the plan) which provides medical insurance benefits to eligible retirees and their spouses in accordance with various labor agreements. The City reports the financial activity of the plan as a trust fund, and no separate financial report is prepared.

Funding Policy and Benefits Provided: The contribution requirements of plan members and the City are established and may be amended by the City Council. The required contribution is based on projected pay-as-you-go financing requirements, with an additional amount to prefund benefits as determined annually by the City Council. For fiscal year 2019-2020, the City contributed \$1,383,589 for current premiums (88% of total premiums). Plan members receiving benefits contributed \$192,742 (approximately 12% of total premiums) through their required contribution. The City pays up to the entire cost of health benefits for eligible retirees and their spouses until age 65 subject to the City’s vesting schedule. After age 65, the City pays up to \$443 per month (2020 rate, 2% annual increase) for any health coverage, also subject to the vesting schedule. The Plan does not issue separate financial statements

Employees Covered by Benefit Terms: Employees are eligible for retiree health benefits if they retire from the City on or after age 50 with at least 4 years of service and are eligible for a PERS pension. Membership of the plan consisted of the following as of the measurement date June 30, 2019:

Retirees	122
Active plan members	261
	383

Net OPEB Liability

Actuarial Methods and Assumptions: The City's net OPEB liability was measured as of June 30, 2019 and the total OPEB liability used to calculate the net OPEB liability was determined by actuarial valuation dated June 30, 2019 that was rolled forward using standard update procedures to determine the total OPEB liability as of June 30, 2019, based on the following actuarial methods and assumptions:

	Actuarial Assumptions
Valuation Date	June 30, 2019
Measurement Date	June 30, 2019
Actuarial Cost Method	Entry Age Normal Cost, level percent of pay
Actuarial Assumptions:	
Discount Rate	6.50%
Inflation	2.50%
Mortality Rate	Rates based on the statistics taken from the 2017 CalPERS experience study. The mortality rates include an assumed improvement in future mortality based on Scale BB projected to 2028.
Healthcare Trend Rate	3.50% - 6.25%

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Global Equities	40.0%	7.92%
U.S. Fixed Income	39.0%	6.83%
Treasury Inflation-Protected	10.0%	3.95%
Real Estate Investment Trust	8.0%	7.56%
Commodities	3.0%	5.47%
	100%	

Discount Rate

The discount rate used to measure the total OPEB liability was 6.50%. The projection of cash flows used to determine the discount rate assumed that City contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees and beneficiaries. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

Changes in Net OPEB Liability

The changes in the net OPEB liability were as follows:

	Increase (Decrease)		
	Total OPEB Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability/(Asset) (a) - (b)
Balance at June 30, 2018	\$ 29,842,604	\$ 29,086,366	\$ 756,238
Changes Recognized for the Measurement Period:			
Service cost	1,430,642	-	1,430,642
Interest on the total OPEB liability	1,983,605	-	1,983,605
Differences between Expected and Actual Experience	185,869	-	185,869
Changes of assumptions	751,478	-	751,478
Benefit payments	(1,512,507)	(1,512,507)	-
Contributions from the employer	-	1,512,507	(1,512,507)
Net investment income	-	2,047,647	(2,047,647)
Administrative expenses	-	(14,388)	14,388
Net changes	2,839,087	2,033,259	805,828
Balance at June 30, 2019 (Measurement Date)	\$ 32,681,691	\$ 31,119,625	\$ 1,562,066

Sensitivity of Net OPEB Liability to Changes in the Discount Rate and Healthcare Cost Trend Rates

The following presents the net OPEB liability (asset) of the City, as well as what the City's net OPEB asset would be if it were calculated using a discount rate that is 1-percentage-point higher or net OPEB liability if it were calculated using a discount rate this is 1- percentage-point lower than the current discount rate:

Net OPEB Liability/(Asset)		
Discount Rate -1% 5.50%	Current Discount Rate 6.50%	Discount Rate +1% 7.50%
\$ 4,907,499	\$ 1,562,066	\$ (1,301,454)

The following presents the net OPEB liability (asset) of the City, as well as what the City's net OPEB asset would be if it were calculated using healthcare cost trend rates that 1-percentage-point lower or net OPEB liability would be if it were calculated using a healthcare cost trend rate that is 1-percentage-point higher than the current discount rate:

Net OPEB Liability/(Asset)		
Current Healthcare Cost		
1% Decrease 3.50%	Trend Rates 4.50%	1% Increase 5.50%
\$ (1,755,249)	\$ 1,562,066	\$ 5,513,427

OPEB Expense and Deferred Outflows/Inflows of Resources Related to OPEB

For the year ended June 30, 2020, the City recognized OPEB expense of \$1,640,779. At June 30, 2020, the City reported deferred outflows and inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Employer contributions made subsequent to the measurement date	\$ 1,206,708	\$ -
Differences between actual and expected experience	162,635	-
Changes of assumptions	657,543	-
Net differences between projected and actual earnings on plan investments	-	(195,138)
Total	\$ 2,026,886	\$ (195,138)

\$1,206,708 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the OPEB liability in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized as part of OPEB expense as follows:

Year Ended June 30	Annual Amortization
2021	\$ 53,601
2022	53,599
2023	90,407
2024	75,931
2025	117,169
Thereafter	234,333

Note 13 - Risk Management

Description of Participation in the Municipal Pooling Authority

The City is exposed to various risks of less related to torts; theft or damage to, and destruction of assets; natural disasters; errors and omissions; injury to employees; and unemployment claims. The City is a member of the Municipal Pooling Authority (MPA). MPA is comprised of over 19 California member cities and is organized under a Joint Powers Agreement pursuant to the California Government Code. The purpose of the MPA is to arrange and administer programs of insurance for the pooling of self-insured losses and to purchase excess insurance coverage. Each member city has a representative on the Board of Directors. The accounting methods used by the MPA are further described at Note 1(m)..

The City pays an annual premium to the MPA for its Liability (\$29 million coverage, \$5,000 deductible), Fire and Property (\$1 billion coverage, \$25,000 deductible all-risk and copper claims, \$150,000 deductible water intrusions claims, \$100,000 minimum deductible flood claims per occurrence, except Zone A & V, which have \$250,000 minimum deductible and \$25 million limit, others \$25,000 deductible), Auto (\$250,000 coverage; police \$3,000 deductible; all others \$2,000 deductible), Workers' Compensation (Statutory limit, workers compensation liability equals \$4.5 million, \$500,000 insured retention, zero deductible), Cyber Liability (\$2 million coverage, \$50,000 deductible), Pollution Liability (\$1 million per pollution condition, \$100,000 deductible), and Boiler & Machinery (\$100 million, \$5,000 deductible). The Agreement provides that the MPA will be self-sustaining through member premiums and assessments. The MPA purchases commercial insurance in excess of those amounts covered by the MPA's self-insurance pool

There have been no significant reductions in any of the City's areas of insurance coverage and no settlement amounts have exceeded coverage in the past three years. Audited financial information can be obtained from the MPA at 1911 San Miguel Drive, Walnut Creek, CA 94596 and the latest audited annual financial information are available online at <https://www.mpa-nc.com/>

Liability for Uninsured Claims

The City provides for the uninsured portion of claims and judgments in the General Fund and Insurance Liability Fund. Claims and Judgments, including a provision for claims incurred but not reported, are recorded when a loss is deemed probably of assertion and the amount of the loss is reasonably determinable. The City's liability for uninsured claims at June 30, 2020 was estimated by management and based on MPA's claims experience, and was computed as follows:

	Claims Liability
Beginning claims payable balance	\$ 34,427
Claims incurred in current year	83,166
Claims paid	(63,104)
Ending claims payable balance	\$ 54,489
Current portion	\$ 54,489

Note 14 - Developer Agreements and Tax Sharing Agreements

a) Bishop Ranch Agreement

In November 1987, the City entered into an annexation and development agreement with Sunset Development Company (et al.) relative to the development known as Bishop Ranch. The agreement was subsequently amended eight different times (September 1991, September 1996, April 1998, May 2002, January 2008, December 2008, December 2009, and August 2014). The agreement and amendments outline provisions for the development of the 585-acre business park community known as Bishop Ranch. The development included the installation of numerous public improvements that serve both the project and adjoining areas of the City.

In the Third Amendment dated April 14, 1998, the developer of Bishop Ranch agreed to dedicate 11.19 acres of land to the City when building permits are obtained for the fourth office building of the BR# 3 office project by June 30, 2001, whichever shall occur first. This transaction was consummated on June 29, 2001. The use of the property is restricted by the development agreement and limited to the development of public buildings. If the City elected to sell or transfer any or all of its interests in the property at any time before December 31, 2010, the developer had the right to purchase the property from the City for \$5,000,000 (with a consumer price index escalation clause) plus the actual out-of-pocket costs incurred by the City in constructing improvements to the property. If the City did not commence construction of a civic center complex on the property by December 31, 2010, the developer had until July 1, 2011 to repurchase the property under the same terms as the pre December 31, 2010 right to purchase clause.

The Fifth Amendment dated January 25, 2008 was entered into in connection with the approval of the City Center Project and contained a termination clause if certain property transfers between the Bishop Ranch Ownership and the City, for construction of the City Center Project, did not occur prior to January 1, 2010.

In the Seventh Amendment dated December 15, 2009, the termination date was extended to January 1, 2015 and Sunset's right to exercise its option for reacquisition of the dedicated land was extended to July 1, 2015.

The Eighth Amendment dated August 13, 2014 was entered into to incorporate the amended City Center approvals into the Project, vest the rights to proceed with development of the City Center Project on portions of the project site covered by the development agreement, and to clarify the transfer of ownership, thus ensuring the terms of the development agreement, and all its amendments, were extended to December 31, 2020.

b) Bishop Ranch Tax Exchange Agreement with Contra Costa County

On June 3, 1986 pursuant to resolutions adopted by the City Council of the City San Ramon and the Board of Supervisors of the County of Contra Costa, the City and County entered into the Master Property Tax Exchange Agreement for Allocation of Property Tax between the two agencies upon annexations of County Service Area to the City (LAFCO Nos 87-58 and 87-60).

On December 1, 1987, the City and County entered into the first amendment to the Master Agreement to specify provisions which govern the administration of property, sales, and transient occupancy taxes and for the sharing of tax revenues in the 585-acre business park known as the Bishop Ranch.

On July 24, 2007, a second amendment was made to exclude the residential component of the City Center Project from provisions of the Master Property Tax Exchange Agreement for a period of 25 years. The second amendment terminated automatically on November 2, 2010 when construction of the City Center Project was delayed by the economic downturn.

On June 14, 2016, a third amendment was made to continue the operative terms of the second amendment to exclude residential units from the tax sharing formula and facilitate the development of jobs and housing in the revised City Center Project area.

The agreement provides that the property tax revenue allocation to the City for parcels in the Bishop Ranch business park would be reduced by 50% of the total sales and transient occupancy taxes collected in the Bishop Ranch area. The agreement limits the amount of property tax revenues transferred to the County to the amount of property taxes allocable to the City for the Bishop Ranch area. During fiscal year 2020, the amount of property taxes received by the Contra Costa County under the agreement was \$1,920,660.

c) Dougherty Valley Development Memorandum of Understanding

On October 15, 1997, the City entered into a Memorandum of Understanding with Contra Costa County, Shapell Industries, and Windermere Partners related to the development of Dougherty Valley, an area on the eastern borders of the City. The Memorandum of Understanding is an instrument of compliance with a May 11, 1994 settlement agreement. Under the Memorandum of Understanding, the City will be annexing land that will include up to approximately 11,000 housing units. Contra Costa County has established a County Service Area assessment district in Dougherty Valley that is intended to pay for a variety of municipal services including police protection, street and park maintenance. The City will be providing service in the area and under the agreement will be reimbursed for a portion of those services from the County Service Area Assessment. Under the agreement, the City is required to separately track the costs of services in the Dougherty Valley Area, and submit claims for reimbursements for costs from the County. On December 13, 2005, the City Council approved the formal reimbursement agreement.

d) Cree Court Assessment District

The Cree Court Assessment District has issued debt to finance infrastructure improvements and facilities within its boundaries. The City is the collecting and paying agent for the debt issued by this District, but has no direct or contingent liability or moral obligation for the payment of this debt. Accordingly, the unretired principal at June 30, 2020 of \$1,528 has not been recorded as a long-term liability in the statement of net position.

e) Property Tax Sharing with San Ramon Valley Fire Protection District

On September 28, 2007 the City of San Ramon and San Ramon Valley Fire Protection District (District) entered into a property tax sharing agreement related to development of City Center Project. The agreement provides a formula for sharing of property tax revenue between the District and the City. During fiscal year 2019-20, the City did not receive payments due to a new interagency agreement authorized on May 26, 2020 for the Joint Public Safety Complex. Refer to the disclosure at Note # 16.

f) Use Tax Sharing Agreement with San Ramon Valley Fire Protection District

On November 25, 2014, the City and San Ramon Valley Fire Protection District (District) entered into an agreement whereby the City agreed to share with the District, on a 50/50 basis, the additional amount of California state use tax received by the City and attributable to use tax paid directly by the District to the California State Board of Equalization on purchases from out-of-state vendors.

g) PG&E Energy Efficiency Retrofit Loan Program

On April 7, 2017, the City entered into an Energy Efficiency Retrofit On-Bill financing loan agreement with Pacific Gas & Electric (PG&E) for the cost of energy efficiency/demand response equipment and services to upgrade and repair the current HVAC Mechanical System and Window Inserts and re-lamp the current lighting fixtures to LED. In lieu of actual payments, the zero-interest bearing loan, which totaled \$1,051,893, will be repaid through energy savings reflected on the City's PG&E utility bills. As of June 30, 2020, the outstanding loan amount was \$719,505.

Note 15 - Contingencies and Commitments

In the normal course of operations, the City has been named as a defendant in various claims and legal actions. In the opinion of management and legal counsel, the ultimate liability for these legal actions and claims will not have a material adverse effect on the City's basic financial statements.

The City participates in Federal and State grant programs. These programs are subject to examination by the grantors and the amount, if any, of expenditures, which may be disallowed by the granting agencies, cannot be determined at this time. The City expected such amounts, if any, to be immaterial.

Note 16 - Subsequent Event

On the April 30, 2019 City Council Workshop and as part of FY19-20 City Council Goals, the Council directed staff to negotiate an agreement between the District and the City to create a Joint Public Safety Building housing the District Administrative office, the City police department and construction of a state of the art 911 Communications Center and Emergency Operations Center (EOC), using the City-owned property located at 2401 Crow Canyon Road. The agreement maximizes efficiencies for both entities; first from a capital efficiency position and, second from a public safety operational perspective, ultimately improving public safety services to the San Ramon community.

By maximizing the available space located at 2401 Crow Canyon Road and utilizing additional space available at City Hall located at 7000 Bollinger Canyon Road, the City can consolidate services, fully renovate the police department, and provide the community with an improved public safety model that should last for years. In addition to the improved facilities, the District, which serves the San Ramon community, will gain needed upgrades to the Districts facilities.

On May 26, 2020, the City Council approved Resolution No. 2020-042 authorizing the Mayor to execute the Interagency Agreement between the San Ramon Valley Fire Protection District and the City of San Ramon. The estimated cost to fully refurbish the existing building and for new construction of the EOC/Communications Center is \$26.8 million. Additionally, the City Hall will need to be reconfigured to accommodate the Public Works and Community Development Departments, which will no longer be located at 2401 Crow Canyon Road. The necessary reconfiguration will cost an estimated \$3 million, which will be borne by the City using the City’s Certificate of Participation proceeds.

Note 17 - Restatement

Prior period adjustments were made to decrease the governmental beginning net position. This adjustment was made to record Dougherty Regional Fire Authority net pension liability, deferred outflows of resources and deferred inflows of resources in accordance with GASB 68 and 71. Additionally, the City made a prior year adjustment to the fiduciary private-purpose trust fund to properly record the Redevelopment Agency 2006 Capital Appreciation Bond, Series B, that had been understated due to errors being made in recording prior years accreted interest. The restatements of beginning net position in the governmental activities and fiduciary fund are summarized as follows:

	Governmental Activities	Fiduciary Fund Private-Purpose Trust Fund
Beginning net position (deficit)	\$ 476,087,570	\$ (52,739,480)
DRFA net pension liability	(4,385,001)	-
DRFA deferred outflows	1,190,954	-
DRFA deferred inflows	(765,733)	-
Capital appreciation bond interest accretion	-	(8,867,419)
	<u> </u>	<u> </u>
Beginning net position (deficit) as restated	<u>\$ 472,127,790</u>	<u>\$ (61,606,899)</u>

Budgets and Budgetary Accounting

The City Council adopts and Annual Budget, in accordance with generally accepted accounting principles, no later than the second meeting of June of each year for the fiscal year commencing the following July 1. The City follows these procedures in establishing the budgetary data reflected in the financial statements:

1. During May of each year, the City Manager submits to the City Council a proposed budget for the next following fiscal year. Copies are made available to the public, the press, and staff members.
2. A series of Council work sessions are held at which the recommended budget is reviewed in detail and the departments (as requested) provide additional information.
3. After review by the city Council, a public hearing is conducted for the purpose of receiving public input on the recommended operating and capital budgets, the Master Fee Schedule, and the Gann Appropriation Limit.
4. Upon completion of the hearings and modifications, if any, to the proposed budget, the budget is adopted no later than June 30th by the City Council through passage of appropriate resolutions.
5. Generally, the budget is amended in the middle of the year and at the end of the year. All approved additional appropriations are added to the adopted budget and an amended budget is presented to the City Council, which adopts it after due review. Expenditures may not exceed budgeted appropriations at the fund level. Budget is adopted on a basis consistent with generally accepted accounting principles.

Special Revenue Funds

The City has several special revenue funds that are used to account for revenue which, by law or administrative action, is designed to finance particular projects and activities in the City's Capital Improvement Program. These funds are the Development Mitigation Fund, Gas Tax Fund, Park Development Fund, Crow Canyon Project Fund, SCCJEPA Fund, Street Maintenance/Improvements Fund, Traffic Improvements Fund, Open Space Development Fund and Tri-Valley Transportation Fund.

The City also has several special revenue funds which are funded by special assessments collected annually to pay for specific operating programs. These funds are Citywide Lighting and Landscaping Fund, Special Landscaping Zones Fund, Canyon Park Fund, Village Center Common Area Fund, The Preserve (Faria) Fund, Solid Waste Fund, Vehicle Refuse Impacts Fees Fund and Non-Point Drainage District Fund.

In addition, the City has set up separate special revenue funds for recording transactions for special projects and programs. These are the Street Smarts Fund, TDM Programs Fund, TRAFFIX Fund, Police Services Donation Fund, Geographic Information Systems Fund, Planning Cost Recovery Fund, Public Education and Government Fund and GHAD Fund.

The CFD 2014-1 Fund is used to account for the acquisition, construction, and improvements of police and public safety facilities, park and recreational facilities, and open space facilities for future annexation areas.

Debt Service Funds

The Debt Service Funds are used to account for the payment of principal and interest on long-term debt of the City and related entities.

The Pension Obligation Bonds Debt Service Fund is used to account for debt service activity related to the 2010 Taxable Pension Obligation Bonds.

The LED Lights Fund is used to account for debt service activity relating to the LED Lights conversion (CIP 5499).

The COP # 12 Fund is used to account for debt service activity relating to the 2011 Certificates of Participation.

Internal Service Funds are used to account for the financing of goods and services provided by one City department or agency to other departments or agencies of the City, or to other governmental units on a cost reimbursement basis (including depreciation).

The Investment Fund is used to account for the management of investments.

The Equipment Replacement Fund is used to account for replacement of major equipment and vehicles. Revenues are derived from allocated charges to the department's general fund.

The Information System Replacement Fund is used to account for replacement of computer related equipment.

The Insurance Liability Fund is used to administer the City employee's leave payouts, retiree medical benefits, general insurance, and safety programs with the goals of reducing insurance-related costs, maintain appropriate levels of coverage and to build contingent loss reserves.

The Healthcare Fund is used to account for City employee's healthcare premiums and claims.

The Infrastructure Maintenance Fund is used to account for the cost of maintaining City buildings.

GASB Statement 34 requires that Agency Funds be presented separately from the Government-wide and Fund financial statements.

Agency Funds

Agency Funds account for assets held by the governmental unit in the capacity of agent for individuals, governmental entities, and non-public organizations.

The Agency Funds used to account for monies held by the City in a fiduciary capacity are as follows:

The *Cree Court Assessment District Fund* is used to account for the debt issued to finance infrastructure improvements and facilities within its boundaries.

The *SCCJEPA Trust Fund* is used to account for the collection of development related impact fees for distribution to the Town of Danville and Contra Costa County per the SCCJEPA agreement.

The *San Ramon Valley Tourism Improvement District Fund* is used to account for the collection of Tri-Valley Tourism Business Improvement District assessment on lodging business for which the City is acting only as an agent.

The *DV Performing Arts Theater Fund* is used to account for funds related to cultural and theater arts.

Source: Contra Costa County Auditor-Controller's Office - Certificate of Assessed Valuation

The Taxable Assessed Value is the Total Gross Assessed Valuation less Homeowner's Exemptions

Note:

In 1978 the voters of the State of California passed Proposition 13 which limited property taxes to a maximum rate of 1% based upon the assessed value of the property being taxed. Each year, the assessed value of property may be increased by an "inflation factor" (limited to a maximum increase of 2%). With few exceptions, property is only reassessed at the time that it is sold to a new owner. At that point, the new assessed value is reassessed at the purchase price of the property sold. The assessed valuation data shown above represents the only data currently available with respect to the actual market value of taxable property and is subject to the limitations described above.

Notes: Details regarding the City's outstanding debt can be found in the notes to the financial statements.

The City is expressing total outstanding debt as a percentage of taxable assessed property values as provided by the Contra Costa County Auditor-Controller's Office.

The balance of Tax Allocation Bonds, Tax Revenue Bonds and HELP Loan was transferred to the Successor Agency as of February 1, 2012

Source: (1) City of San Ramon Finance Department

(2) Contra Costa County Auditor-Controller's Office

(3) Bureau of Economic Analysis/State of California Franchise Tax Board

(4) Debt per Capita is calculated from total debt outstanding less reserves available

* The City issued revenue bonds in fiscal years 2005 and 2006

** The City entered into lease agreements on July 10, 2006 and August 1, 2012

*** In April 2007 the Redevelopment Agency received a Housing Enabled by Local Partnership ("HELP") loan from the California Housing Finance Agency ("CalHFA").

- 1) The percentage of overlapping debt applicable to the city is estimated using taxable assessed property value. Applicable percentages were estimated by determining the portion of the overlapping district's assessed value that is within the boundaries of the city divided by the district's total taxable assessed value.
- 2) Excludes tax and revenue anticipation notes, enterprise revenue, mortgage revenue and non-bonded capital lease obligations.

Ratios to 2019-20 Assessed Valuation:

Total Overlapping Tax and Assessment Debt.....	1.68%
Total Direct Debt (\$21,424,012).....	0.19%

Total net debt applicable to the limit as a percentage of debt limit	3.2%	0.5%	0.8%	1.0%	1.3%	1.6%	2.0%	2.4%	2.4%	2.6%

Legal Debt Margin Calculation for Fiscal Year 2020:

Converted assessed value (at 25% of Taxable Value)	\$ 5,662,373,286
Debt limit (15% of assessed value)	<u>\$ 849,355,993</u>
Debt applicable to limit:	
Certificates of Participation	<u>26,927,194</u>
Legal debt margin	<u>\$ 822,428,799</u>

The Government Code of the State of California provides for a legal debt limit of 15% of gross assessed valuation. However, this provision was enacted when assessed valuation was based upon 25% of market value. Effective with the 1981-82 fiscal year, each parcel is now assessed at 100% of market value (as of the most recent change in ownership for that parcel). Although the statutory debt limit has not been amended by the State since this change, the percentages presented in the above computations have been proportionately modified to 3.75% (25% of 15%) for the purpose of this calculation in order to be consistent with the computational effect of the debt limit at the time of the state's establishment of the limit.
